SPOTLIGHT ON...

The Controller’s Office

The Controller’s Office is responsible for administrating the financial policies and procedures of the University. They prepare the University’s audited financial statements as well as financial and tax reports to several government agencies including the Internal Revenue Service. Although the Controller’s Office does not determine budgets, it does maintain the general ledger and processes transactions on a daily basis. They also provide on-line inquiry to assist departments in monitoring their budgets and accounts. In addition, the office also oversees the accounting and reporting for grants and contracts, endowments, and fixed assets and equipment.

There are several departments within the Controller’s Office. They are General Accounting, Bursar’s Office, Cashier’s Office, Collections/Student Loans, Payroll, Accounts Payable and the Purchasing and Travel Card Programs.

Phil Bodner is the Associate Vice President and Controller and recently celebrated his tenth anniversary at the University. Aside from working with the various departments within the Controller’s Office, Phil also works with students, parents and trustees of the University. His favorite part of his job is putting the financial statements together in preparation for the auditors. Phil says, “It’s like a puzzle and gives me great satisfaction when all the pieces fit.” Phil feels blessed to have met all of the people that he has come to know in his years at the University.

Phil has had a long career in the finance departments of higher education institutions en route to his current position as Associate Vice President and Controller at Monmouth University. He was first employed at his alma mater, Baruch College, and then moved on to York College in Jamaica, Queens, followed by Columbia University where he spent 12 years as the Director of Financial Systems. Wagner College was his last stop before arriving at Monmouth. Phil says, “Working for colleges and universities brings me satisfaction in knowing that I am helping to provide people with opportunities.”

When not at Monmouth, Phil spends his time hiking, walking and bicycling, often times with his daughter Marcella. Phil teaches himself piano and enjoys his model railroad collection. Phil and Jayne Bodner also have a son Robert and two miniature dachshunds.

Betsy Lunney is an Assistant Controller and has worked at Monmouth University for 25 years in various capacities within the Controller’s Office. Betsy’s responsibilities include overseeing the payroll, accounts payable, cashier, student loans/collections, and purchasing and travel card areas. Her duties also include reconciliation of all Federal financial aid and accounting for student loans. Along with these tasks, the day-to-day operations of the Controller’s Office also fall on Betsy’s shoulders. When we asked Betsy what the greatest challenge of her position is, she replied “finding enough time in a day to get everything done while putting out the daily fires.”

Betsy feels that the camaraderie in the Controller’s Office is a big asset. “We all like each other and like working with each other and that makes it a nice place to come to work.” Betsy received her undergraduate degree from Suffolk University in Boston and her MBA from Monmouth. To relax, Betsy enjoys photography and scrap booking. You can often see Betsy on campus with her camera taking pictures at various events. Betsy has a step-daughter, Erin who is a Monmouth University graduate and a son Corey, who plays ice hockey and lacrosse at Red Bank Regional High School.

Ellen Dombroski is an Assistant Controller and just celebrated her tenth anniversary at Monmouth University. Ellen works closely with Rosa Armendariz on Grants and Contracts, Carol Ballard in maintaining and updating the general ledger, and Maureen Dries in monthly general ledger account analysis and reconciliation. She is responsible for the creation and updating of the Controller’s Office webpage. Ellen agrees with many of her co-workers that “the camaraderie of the department makes it a nice place to be every day.” Ellen is also responsible for the annual reporting to the National Collegiate Athletic Association. This is a favorite part of her job. She works with the Athletics Department in preparing financial reports of expenses and revenue for each sport, broken down by male and female in conjunction with NCAA requirements. Coming from a family rich in sports history, Ellen enjoys her interaction with Athletics.

Ellen completed her undergraduate study at Seton Hall University where her father was employed for some 40 odd years in the Department of Athletics. She also is a CPA. Ellen and her husband Howie reside in Wall Township with their two sons, nine year-old Regan and six year-old Trey. The family’s favorite vacation spot is Disney World. Her boys play soccer, baseball and basketball and Ellen is their enthusiastic cheerleader. The boys love to visit Monmouth University and Regan especially enjoyed Children to Work Day in April. Trey is waiting for his turn to be able to join his big brother at this annual event.

Ellen and her husband Howie reside in Wall Township with their two sons, nine year-old Regan and six year-old Trey. The family’s favorite vacation spot is Disney World. Her boys play soccer, baseball and basketball and Ellen is their enthusiastic cheerleader. The boys love to visit Monmouth University and Regan especially enjoyed Children to Work Day in April. Trey is waiting for his turn to be able to join his big brother at this annual event.

Ellen completed her undergraduate study at Seton Hall University where her father was employed for some 40 odd years in the Department of Athletics. She also is a CPA. Ellen and her husband Howie reside in Wall Township with their two sons, nine year-old Regan and six year-old Trey. The family’s favorite vacation spot is Disney World. Her boys play soccer, baseball and basketball and Ellen is their enthusiastic cheerleader. The boys love to visit Monmouth University and Regan especially enjoyed Children to Work Day in April. Trey is waiting for his turn to be able to join his big brother at this annual event.
Cathy Duriske is the Director of Investment Accounting and has worked at Monmouth University for thirteen years. In her position in the Controller’s Office, Cathy oversees the investments of the various endowments that the University receives. She prepares the monthly and quarterly financial reports for the trustee sub-committee in connection with these investments. Cathy says she finds attending the investment committee meetings very interesting because of all the diverse types of people that she gets to work with. The most challenging part of her job is “keeping up with the changes in regulations and technology.”

Cathy and her husband Rich have two children. Julia is eight and Alek is three. Their family loves all outdoor activities, especially the beach and Great Adventure. Julia plays soccer and was recently on campus for “Children to Work Day”. Her favorite part of the day was her visit to the Library.

Josephine Estelle, Senior Accountant, joined Monmouth University in December of 2000. Her first position was that of Grant Accountant before being promoted to Senior Accountant. Josephine oversees the Cashiering, Purchase/Travel Cards Program and the Accounts Payable Departments. Her primary responsibility includes maintaining the detail salary budget for the University. Josephine approves changes in positions with the approved detail salary budget and salary projections. Another highlight of her position this past year, has been her involvement in the University’s e-Commerce project.

Josephine’s first position after graduating Georgian Court College was as an Accountant for a CPA firm that audited school districts, colleges and universities. She remembered the diverse and friendly atmosphere of institutions of higher education and knew she would like to be a part of that kind of work environment.

Josephine and her husband Jim have a 10 year-old daughter, Sabrina, who is a budding artist. The family enjoys the sun and beach and all water-related activities. To relax, Josephine enjoys reading.

Rosa Armendariz is Monmouth University’s Grant Accountant and has been at Monmouth for two and a half years. She graduated from Monmouth University in May with her MBA in finance. Rosa works closely with the Office of Grants and Contracts in the processing of grant proposals and awards. This process allows her to work with the faculty, the Provost’s Office, Human Resources, Payroll and Accounts Payable. Rosa also prepares the reporting for external agencies. The recording of the University’s fixed assets is also part of Rosa’s responsibilities. In layman’s terms Rosa explains, “I get to go around the University and tag the assets with values over $1,000. I log the items, their location; indicate their life expectancy and depreciation. It allows me to meet and interact with many people.” Rosa enjoys the variety her job brings. She especially likes her work with the professors and supporting them in the process of securing their grants.

Rosa is the proud mom of two daughters, Adalhi, who is a social worker with the Make-a-Wish Foundation and Rocio, who is finishing her law degree at DePaul University. Rosa loves to travel every chance that she gets and most recently traveled to Russia with the University. Some of her favorite places are Kyoto, Japan, the Hermitage at St. Petersburg and the Garden of the Gods in Colorado Springs. Rosa is very active at the University and participates in all of the events and activities when her schedule permits.

Maureen Dries is an Assistant Accountant in the Controller’s Office and has worked at Monmouth University for almost four years in a part-time capacity, recently moving to full time. Maureen is responsible for the bank reconciliations and prepares analysis for minor equipment, variances, fringe benefits and year-end petty cash. She often works on special projects and enjoys the diversity those projects bring to her position. Maureen especially enjoys the interesting people she that has met at Monmouth and the interaction of her department.

Maureen has a bachelor’s degree in Accounting and Psychology from Trenton State (now The College of New Jersey) and received her Master’s degree in Finance from Pace University. Maureen and her husband David have a daughter, Courtney, who is a senior at Middletown South High School and a son Sean who is in eighth grade. To relax Maureen enjoys reading and is a frequent visitor at the library.

Debi Palmer is the Assistant to the Controller. She began working at the University in 1993 in the Payroll Department and shortly afterwards transferred to her current position. Debi is responsible for providing administrative and accounting support for the administrators in the office. She is responsible for invoicing the outside agencies and vendors for their use of our campus facilities and billing the agencies who hire our students through the Placement Office for the Community Service program. She works closely with the Payroll department with reconciling the student Federal Work Study funds, employee personal computer purchases and the graduate assistantship awards. She enjoys the close working relationship with all of the staff within the Controller’s Office.

Loretta Dickerson, Purchasing/Travel Card Coordinator, has been at Monmouth for 24 years in various jobs within the Finance Department. Her first 13 years were spent in Purchasing, and the knowledge she developed while working there made her the perfect candidate when the University developed the Purchasing/Travel Card Program. Loretta’s responsibilities include creating and processing accounts for employees. She provides training on the policies of using a University purchasing/travel card and acts as the troubleshooter for all customer-service issues relating to the program. The personal interaction with her fellow MU employees and the good feeling of helping others is Loretta’s favorite part of her job.

Loretta and her husband Warren reside in Long Branch where Warren has been a teacher in the middle school for more than 30 years. They have three children, Warren, Kevin and Bethany. The family loves to travel and has been to Europe 21 times! They have developed many friendships during their travels and often play host when their friends from overseas visit. Loretta loves to shop in her spare time and takes care of her two shih tzus, Chloe and Bella.

Carol Ballard is the Data Entry Technician and has been at Monmouth for a little over five years. Carol performs all of the data entry for the department: journal entries, budget revisions and line items. She gears up for what she calls “crunch time” – just after the close of the fiscal year. Carol works with the Datatel accounting package and the new release of R18. A constant theme in the department that Carol reiterates is the great working relationship among the members.

Carol and her husband Dan have one son, Timothy. He will be a junior at Monmouth in the fall and is a pitcher for the University Baseball team. Carol and Dan attend as many of the games as they can and are huge supporters of the team. In her spare time Carol loves to cook and do crafts.
Datatel Colleague Release 18 (R18) Upgrade

The Datatel Colleague system, which includes the Student and Financial modules, will be upgraded to Release 18 (R18) this fall. New software will be used to access the system, including the Datatel User Interface (UI) and the Informer Web Reporting Tool.

The R18 Implementation Team, comprised of major user areas of the Colleague system, has been testing the new release to ensure a smooth transition. All Datatel Colleague users will need to use Datatel User Interface (UI) to access the system. To have UI installed on your PC, please contact the Help Desk at helpdesk@monmouth.edu.

Safe Zone Program

One of the Office of Student Activities’ Multicultural and Diversity Initiatives is the Safe Zone Program. Safe Zone is a voluntary program which creates allies, support, and resources for Monmouth University’s lesbian, gay, bisexual, transgender, and questioning (LGBTQ) students and employees.

The Safe Zone program is a symbol of this University’s efforts to increase awareness and acceptance of the LGBTQ community. It is the hope that increased awareness will help to reduce homophobia and heterosexism and make the Monmouth University campus a safer and free environment for all members of the community regardless of sexual orientation or gender identity. Safe Zone I and II trainings are open to faculty, administration, staff, and students and are held throughout the year. Heather Kelly, Assistant Director of Student Activities for Multicultural and Diversity Initiatives, proudly states that since 2005 more than 300 Monmouth University community members have been trained right here on campus. Upon completion of Safe Zone I, trainees receive a Safe Zone sticker to display in their offices or living space.

Please contact Heather Kelly at hkelly@monmouth.edu or ext 5226 for more information.

Did you Know?

Are You Hiring a Vendor or an Employee?

If you or your department is contemplating procuring the services of an individual, other than student help, did you know you need to fill out a personnel requisition. First, like all hiring here at the University, a determination of available funds needs to be made. Secondly, determination is also needed as to whether the person is an employee or an independent contractor. Improper classification of an independent contractor can result in fines from the IRS and NJ Department of Labor.

Proper completion of the personnel requisition, with attached summary of deliverable services, will go a long way in avoiding delay of payments for the services provided by independent contractors. Payment for Contracted and Professional Services Form must also be completed by the Department head to expedite payment. If you have a question, feel free to contact the Office of the General Counsel, Controller’s Office or Human Resources.

The Personnel Requisition form can be obtained on-line at: http://www.monmouth.edu/resources/hr/aaction/eeo/asp

Campus Connection 3
BRING YOUR CHILDREN TO WORK DAY

April 26, 2007

Campus Connection
Congratulations to the Monmouth University employees who recently received degrees!

Additional MU employees who were degree recipients include:

- Marie DiIorio – Bachelor of Science in Business Administration
- Kelly McCardell – Master of Arts in Educational Counseling
- Michael Maiden – Master of Arts in Communication
- Janeth Merkle – Master of Business Administration
- Sarah Savarese – Master of Business Administration

Additional MU employees whose children were degree recipients include:

- Karen Bentley’s daughter Alison – Master of Social Work
- Louise Bosmans’ son Brian – Bachelor of Science in Business Administration
- Kathleen Stein’s son Joseph – Bachelor of Arts in Communication
One by One... We are Making a Difference!
2007 Monmouth University Employee Giving Campaign

Campaign Update as of June 13, 2007
- Total Number of Donors: 275
- Total Gifts: $60,741.40
- Employee Participation Rate: 31%

2007 Employee Giving Campaign Goals
- Donors: 482
- Gifts: $130,000
- Participation Rate: 50%

Employee Honor Roll of Donors

The Faculty, Staff and Administrator campaign is progressing well. The support of our employees is important and always appreciated. Thank you to all who have made a gift or pledge towards the 2007 campaign. They are as followed:

STAFF APPRECIATION DAY
April 18, 2007

Campus Connection 8
The Office of Human Resources sponsors the Employee Activity Committee, which brings faculty, administrators, staff and retired employees together for events and special programs. Please see below for more information.

- The Employee Activity Committee hosted a Lunch and Learn session on the current hot topic of Human Papilloma virus on May 3rd in conjunction with the School of Nursing and Health Studies and the Gender Studies program. The session was very well attended and everyone felt that the panel did an excellent job in presenting the most up-to-date information on the virus that causes this sexually-transmitted disease.

- Bally’s Casino in Atlantic City was our destination on Sunday, May 20th to see the show Dancing Queen. Similar to the Broadway hit musical Mamma Mia, it was very entertaining. Many employees on the trip enjoyed the beautiful weather and strolled the famous boardwalk.

- On July 28th we visited The Franklin Institute in Philadelphia to see the King Tutankhamen exhibit. The trip to The Franklin Institute was so popular that we will be going again as a group on August 18th. This event is sold out but we will accept names for the wait list.

- The Employee Activity Committee has also purchased 50 tickets to the Thomas & Friends Live! On Stage at the State Theatre in New Brunswick for Saturday, August 25th. This event is also sold out but we will accept names for the wait list, in the event of a cancellation.

- We will be returning to Lincoln Center on Saturday, September 29th to the New York City Opera La Boheme. Puccini’s classic story of love and art has delighted audiences for generation as it is filled with familiar songs and beloved characters. Cost will be $72.00 per person which includes ticket to the opera and the bus. We will leave campus at 10:00 am so that we have enough time for lunch in the City before the 1:30 pm performance.

- Please mark your calendar for Saturday, March 8th 2008 if you are interested in the Broadway show The Little Mermaid. Cost will be $62.00 per person which includes the ticket for the show and the bus. We will leave from campus at 10:00 so we have time for lunch in the City before the 2:00 show.

If you have any comments or suggestions, please contact Sharon Smith by emailing ssmith@monmouth.edu or by calling 732-571-7594.

The 4th Annual President's Cup Croquet/Bocce Tournament was held on May 21st in cooperation with the department of Athletics. This year, 34 teams participated in the tournament, which was a "nail-biter" once again until the final round of the bocce tournament. 1st place went to Team 2 from Athletics, which was comprised of: Dean Ehehalt, Chuck Ristano, Jeff Gallo and Scott Van Zile. In 2nd place was Team 1 from Athletics and 3rd place went to the Turf Kings from Facilities Management. We especially thank Jon Cascone for all his hard work in setting up the course and all of the team brackets.
Say Hello To . . .

Jonas Javier

Jonas was hired as the Associate Bursar on March 26, 2007. He previously was the Director of Student Accounts at Berkeley College, Middlesex Campus. Jonas has a BS in Information Systems from NJIT.

Lindy Regan

Lindy joined the Performing Arts Department on April 23, 2007 as the Marketing Coordinator for the Arts. She formerly was the Publications Director at The New School in Manhattan. Ms. Regan received her Bachelor’s degree in Semiotics from Brown University.

Thomas McCarthy

Tom joined the LCAC as a Psychological Counselor on April 18, 2007. Prior to joining Monmouth, Tom was a licensed therapist with Caring Family Community Services in Manalapan. Tom received his BA in Psychology and his MA in Psychological Counseling from Monmouth University in addition to his Post Master’s Certificate in Psychological Counseling.

Campus Connection 11
How should employees set aside money to support their retirement? Where can they get the largest return on their investments?

With an aging population, disappearing savings rate and the continued shift to defined contribution plans, how can we protect our retirement security? The answer is a retirement annuity account. The University offers three options for retirement plans: Fidelity, Equitable and TIAA-CREF. Each investment company offer one-on-one, on-campus appointments monthly, along with special topic workshops on a regular basis. These options are offered to all full-time employees and part-time employees who are regularly scheduled to work at least 20 hours per week, immediately upon hire. In conjunction with IRS guidelines for pre-tax contribution and plan maximums, an employee may contribute a designated percent of their salary with a maximum contribution not to exceed $15,500 or $20,500, annually, if you are over age 50. There are a wide range of investment options based on personal financial objectives.

Unfortunately, not all those eligible actually participate. The IRS reports that only 43% of private sector workers nationally are covered by a defined contribution plan. Of those, only 60% in fact make contributions. Only 44% of families nearing retirement own a retirement plan and among those the median balance is $60,000. The IRS estimate that 7,918 people per day turned 60 in 2006. Even with Social Security, this does not provide a sufficient retirement income for most individuals. (Miller, http://www.irs.gov/pub/irs-tege/rne_spr07.pdf)

If you don’t already participate in one of the University’s retirement plans, stop up to the Office of Human Resources and pick up an enrollment kit. The enrollment process includes selecting an investment company, completing an enrollment form and a salary reduction agreement. This agreement is automatically renewed each year unless you choose to terminate. Increases or decreases in your contribution can easily be made by completing a new salary reduction agreement. When you contribute pre-tax dollars, you lower your current taxable income and more of your money is working for you. As an added bonus to you, with a minimum employee contribution of 5%, Monmouth University will contribute an amount to your annuity account in accordance with the University’s 403b plan rules and applicable collective bargaining agreement. For more information, feel free to contact the Office of Human Resources.

Monmouth Review Call for Submissions

The Monmouth Review is the University community’s literary and art magazine, published twice a year. All employees are invited to submit for consideration poems, short stories, essays, fiction, drama, interviews, photography, drawings, computer-generated art, and other forms of two-dimensional art.

To submit literary works, please send each work as an e-mail attachment in to Professor Stanley Blair in the Department of English, at sblair@monmouth.edu. To submit artwork, please contact Professor Karen Bright in the Department of Art and Design at x3523. Please include information about how you may be contacted, as well as a brief biographical note of up to fifty words.

If you have any questions about the Monmouth Review, please contact Dr. Blair at his office, Wilson Annex Room 505, or phone x3619.

Answer to Where is This?

Affectionately known on campus as the “Gnome Home”, this curious structure can be found near the corner of Cedar and Norwood Avenues. Nestled between the main entrance to the University and the Garden Apartments, this historic well was operational during the residency of the Parsons. During the 1960’s, it served as a “wishing” well for Monmouth students. Later on, the hole was filled in, but the area is still worth a visit. An adjacent pet cemetery can also be found in the vicinity.
