SPOTLIGHT ON...
Purchasing

The Monmouth University Office of Purchasing maintains control over purchases and assures compliance with University policies and procedures. It provides many additional services to the administration, staff, and faculty.

Primary functions include purchasing of equipment, materials, supplies and services as required, giving due consideration to price, quality, delivery, terms of payment, shipping services, and other factors that have an effect on end costs.

The Office of Purchasing also issues purchase orders, monitors receipts of goods, approves invoices for payment, and ensures that proper credit is received for returned goods. Purchasing handles all vendor contact with respect to returns, overcharges, damage claims, guarantees, and warranties. The staff assists departments and offices in developing multiple sources of supply for the purpose of competitive bidding and with technical and product information.

Mark Miranda is the Director of Purchasing and works with all University departments to ensure the most cost-effective method to procure goods and services. Along with cost, he insures the quality of products, timeliness of deliveries and that the entire process of purchasing for the University is a smooth one.

Mark received his Bachelor's degree in Business Administration from St. John's University and has worked in the area of purchasing for the last twelve years. He began his career in purchasing working for the New Jersey Sports & Exposition Authority at the Meadowlands Sports Complex in East Rutherford as a senior buyer. He then spent several years as the Assistant Director of Purchasing at Union County College in Cranford before coming to Monmouth in 2004.

Mark grew up in Staten Island, New York but now resides in Clark with his wife Karen and daughter Kylie. He likes watching and participating in sports. Mark and his family enjoy traveling to Florida and Atlantic City during their time off. He also is a licensed New Jersey Real Estate Referral Associate.

Edna Brown is a purchasing assistant who has been with the University for 35 years and has worked under four different presidents. She began as a keypunch operator in what was then the Computer Center housed in the basement of Edison Science Building. Currently, her primary responsibility is the handling of purchase orders for payment approval.

Edna really enjoys her job and is very well-known on campus due to her longevity at the University. She earned her Associate's degree in 1990 and is pursuing her Bachelor's degree in Business. She has seen many changes on campus: the construction of McAllan Hall, two dormitories, the Plangere Center and the Multipurpose Activity Center, just to name a few.

Edna resides in Wall Township with her partner Kevin. In her spare time she likes to knit and crochet and to do crossword puzzles.

Nan Merklinger is a purchasing clerk who began in Purchasing at the University almost twelve years ago. She worked for Olsten temporary agency that placed her at Monmouth for a three-month position which eventually led to her being hired into a full-time job.

In her current role, Nan works with vendors to resolve payment issues. She approves invoices and works hand-in-hand with Accounts Payable. She enjoys her department and the people she works with.

Nan has three sons: Adam, 31, was recently married, Michael, 26 and Jonathan, 24. She resides in Little Silver with her husband Allan. Nan is an internet disc jockey for a doo wop internet radio station. You can listen to her show on Wednesday nights from 8:00 to 10:00 pm at www.doowopcafe.net.
Susan O'Neill is the production coordinator in the Purchasing Department and has been with Monmouth for more than 23 years. She sees Purchasing as a great resource for other departments. The responsibilities of the production coordinator include networking with vendors and matching the needs of a department’s specific project with the right vendor to ensure a successful, cost-efficient and timely conclusion.

Sue most enjoys the projects she has been involved with and the outside vendors she works with, along with her fellow co-workers. She gets pleasure from creating good working environments. The Visual Identity Guidelines is one of the projects Sue worked on and takes great pride in its accomplishment. Sue began her career at Monmouth as the assistant manager of what was then known as the Print Shop. She has seen many changes at Monmouth as well.

Sue is an architecture buff and appreciates Wilson Hall where Purchasing is housed. Sue is pursuing her Bachelor’s degree as a Music Industry major and loves everything having to do with music. She dabbles in singing and band promotion and has instilled her love of music in her son, Miles.

Sue is a single mom and lives with her eight-year-old son, Miles, in Oceanport. She works part-time in the music business and uses that as a stress and social outlet in between running Miles to his extra-curricular activities such as Cub Scouts and Tae Kwon Do.

Employees Activity Committee News

On September 21 we traveled to Caesars in Atlantic City. The casino offered an $18.00 cash coupon per person payable upon arrival at the casino so the trip was a “free ride”. The weather was perfect for a day of shopping and a stroll on the boardwalk.

We will be going to Broadway on Saturday, November 15 to see the perfectly magical musical “Mary Poppins”. Cost of the trip is $55.00 per person, which includes bus fare and balcony seats.

Our 7th annual trip to Rockefeller Center in New York City will be Saturday, December 13. Plan your own day during the most wonderful time of the year in New York City. It is the perfect opportunity to spend time with family, friends and co-workers and it is the best way into the City during the holiday season. Cost of the trip is $19.00 per person.

The Employee Activity Committee will be putting together an Employee Cookbook. Please send your favorite recipes to Sharon Smith, in Human Resources, to ensure that they are included in the first edition of the Monmouth University Cookbook.

We will be hosting Lunch and Learn sessions about the American Cancer Society Relay for Life so all departments can participate in our 2009 Relay for Life on campus.

Please continue to use the Plum Benefits entertainment discount offers, the Buyer’s Edge purchasing discounts and the “no closing cost” option offered to all of our employees by Consumers Mortgage Corporation and Two River Community Bank. We also have discounted movie tickets for sale in Human Resources.

If you have any suggestions please contact Sharon Smith by e-mailing ssmith@monmouth.edu or by calling extension 7594.

Did You Know?

Monmouth University is one of the nation’s best institutions for undergraduate education, according to The Princeton Review. The New York-based education services company features the University in the 2009 edition of its annual book, The Best 368 Colleges. Only about 15 percent of the four-year colleges in America are featured in the book and just eight others from New Jersey, including Princeton University, Rutgers University, Drew University, New Jersey Institute of Technology, The College of New Jersey, Seton Hall University, Rider University, and Stevens Institute of Technology.

The University continues to rank in the top tier in the U.S. News & World Report’s annual list of America’s Best Colleges. The magazine ranks Monmouth University 46th in the Master’s North category, which includes Northeast institutions providing a full range of undergraduate and master’s programs.

Evidence of Monmouth’s excellent quality can be found in the dramatic rise in the academic profile of our Fall 2008 class. The average SAT score is now 1086, up 13 points from just last year, and the average GPA has risen from 3.18 last year to 3.28 this year.

Administrative Services would like to take this opportunity to welcome back our students, faculty members, administrators and staff. We hope you have had a wonderful summer. We have had a very busy and productive summer. In order to provide space for academic programs we relocated a number of academic and administrative functions. In addition, we would like to update you regarding the status of other University projects.

The Multipurpose Activity Center (The MAC) is on schedule to open in Fall 2009. The facility, which includes the Bookstore, locker rooms for all 19 Division I Sports, a new Fitness Center, classrooms, multi-purpose rooms for classes, seminars and meetings, an indoor 200 meter six-lane running track, and performance basketball courts, is well under way. Please see the video on-line at http://www.monmouth.edu/MAC/default.asp.

In addition, we are preparing to break ground in the very near future on a 200-bed freshmen residence hall, tennis courts, and additional parking on the North Campus. We have separated the construction area from the remainder of the North Campus by a fence. This is for your safety. Spruce Hall was renovated this summer; improvements have been made to the Garden and Great Lawn Apartments and the Dining Hall.

Our facility located at 470 Cedar Avenue (adjacent to Lot 25) has been converted to the Alumni House. Alumni and other related University Advancement services were relocated to the Alumni House. This allowed us to create additional office space for academic purposes, yet maintain the same number of classrooms in Wilson Hall. Wilson Hall rooms 310 and W-3 have been converted to classrooms. Wilson Hall rooms 104 and 106 will be available for meetings, seminars, etc. but we will not be scheduling regular classes in these rooms. This will alleviate the need to move classes out of these rooms in order to prepare for Special Events.

The Center for Excellence in Teaching and Learning (CETL) has moved to Room 206 in the Library. In addition, parking for commuter students at the Library was increased. Howard Hall Room 500 will still be available as a 24 hour Computer Lab.

Instructional Technology Services has moved from the Plangere Center to the lower level of the Library. The Web Factory is also located in the lower level of the Library. In addition, approximately 45 computers were relocated to the Library for student use.

The Dean of the School for Humanities and Social Sciences has moved from Bey Hall to the first floor of the Plangere Center. The Foreign Languages Studies department has also moved to the Plangere Center. This move provided additional space for the Unterberg School of Nursing and Health Studies and the School of Education. Criminal Justice moved from the second floor to the lower level in McAllan Hall.

The Institute for Global Understanding (IGU) has been located in Bey Hall in Room 101A. The Kislak Real Estate Institute has moved to Bey Hall rooms 204 and 205.

The sidewalks on the south side of Wilson Hall were replaced in an effort to maintain a safe campus. In addition, Lot 10 was changed to a Commuter Student Parking Lot.

As part of Monmouth University's mission, faculty, staff, and administrators engage in ongoing assessments and improvements of University programs to meet the needs of students and the larger University community.

In order to better understand the various issues and experiences of all members of our community, the Human Relations Advisory Council has asked the Monmouth University Polling Institute to conduct a Campus Climate Survey.

The purpose of the survey is to learn about your opinions, feelings, and experiences on campus. Your participation can assist with improving the campus for everyone! To make sure the survey truly represents the entire campus community, we need everyone to participate. Please check your email for the link.

Your answers to this questionnaire are completely anonymous. We have established controls so that your responses are stored in an anonymous database, with no way to link your name or email address to your survey responses.

If you have any questions about completing the survey, please contact the Polling Institute at polling@monmouth.edu or extension 5860 (732-263-5860).

Thank you in advance for taking time to participate in this very important effort.
Say Hello To . . .

Antonia Berbrick

Toni joined the Office of the General Counsel as the Director of Internal Audit on September 9. No stranger to Monmouth University, Antonia is an alumnus, having graduated Magna Cum Laude in 1987 with her Bachelor of Science in Business Administration with a concentration in Accounting/Finance and a minor in Marketing.

After graduating, she pursued public accounting and joined Price Waterhouse Coopers based out of Parsippany while she achieved her Certification in Public Accounting. During that time, she served on the audit team for Seton Hall University, the Marine Corp Educational Foundation, and the Lawrenceville Prep School. Antonia left PwC as a manager to join one of her clients, Concurrent Computer Corporation, as the Director of Internal Audit. From there, she served as the Controller for an engineering firm. After that, she joined her family’s business where she served as the Chief Financial Officer for the past thirteen years.

Lynne Lehrkinder

Lynne is a full-time psychological counselor for Counseling and Psychological Services in the LCAC who recently joined the staff on September 15. Lynne was a sexual assault counselor for 180 Turning Lives Around and in that capacity has been a liaison to Monmouth’s Counseling Services team for the past two years. Lynne received her Bachelor’s degree in Criminal Justice and Psychology from Marist College in Poughkeepsie, New York and her Master’s degree in Counselor Education from Kean College in Union. She is a Licensed Professional Counselor and a member of the New Jersey Counseling Association and the American Counseling Association.

Timothy Rehm

Tim is the Assistant Strength and Conditioning Coach who joined the Department of Athletics on August 25. Tim graduated Magna Cum Laude from Springfield College in Massachusetts with a Bachelor of Science in Applied Exercise Science and a concentration in Strength and Conditioning. He has worked with the New York Giants for the past two years, assisting with their speed, strength and conditioning training. While at Springfield, Tim was recognized with all-academic and all conference honors in track and field. Tim holds certifications in cardio-pulmonary resuscitation (CPR) and automated external defibrillator (AED) with the American Red Cross and has Certified Strength and Conditioning Specialist (CSCS) certification with the National Strength and Conditioning Association.
Monmouth University Board of Trustees Chairman Alfred J. Schiavetti, Maurice Pollak Award for Distinguished Community Service recipient Tim McLoone, Convocation Speaker Nancy Snyderman, M.D., President Paul G. Gaffney II, and David J. Ennis ’74, 2008 Distinguished Alumni Award recipient.

**Answer to Where is This?**

Located on the 2nd floor of Wilson Hall, near the restrooms, is the Old Board Room. This stately quadrant boasts wood paneling from floor to ceiling, hidden cabinets and an intricate parquet floor. The tall windows of this beautiful historic room open onto a terrace.

When the Shadow Lawn estate was the residence of Hubert Parson, president of F.W. Woolworth Company, Mr. Parson utilized this room as his study. During the filming of the motion picture *Annie* in 1981, the Old Board Room served as the office of the “Daddy Warbucks” character.

**Do Your Part To Help Conserve Energy**

*Turn Off Equipment When Not In Use*

**Do you have a question about benefits?**

**Just... Ask Kathy,**

**What is “prior authorization”?**

**Who is responsible for obtaining authorization?**

Prior authorization is the approval that Horizon Blue Cross Blue Shield provides prior to certain specialty services being performed. Horizon will issue a certification number to your doctor. With the proper prior authorization, your eligible specialty services will be covered. However, benefits for services will be subject to reduction in payment, if the required prior authorization is not obtained.

**What you need to know about prior authorization:**

Some hospital-related care and services, including inpatient hospital care and some office procedures, require prior authorization. If you use a participating doctor, the doctor will obtain it for you. If you are using an out-of-network doctor, YOU will be responsible for obtaining the authorization.

**Schedule of procedures requiring prior authorization:**

- Admission to nursing or sub-acute facility
- All intravenous therapy (except chemotherapy)
- Cosmetic/plastic services
- Surgery performed in an out-of-network ambulatory surgical center
- Amniocentesis, cordocentesis, terbutaline pump and ultrasound (after first 2 during pregnancy)
- Cardiac catheterization
- Cardiac, pulmonary and vestibular rehab
- CT scans (outpatient)
- Cochlear implants
- Durable medical equipment rental of purchase over $500
- Elective inpatient admission
- Gamete intra-fallopian transfer
- Genetic counseling
- Home health care
- Home IV infusions
- Hospice care
- Implantable cardioverter/defibrillators
- In-vitro fertilization
- Laboratory/radiology by out-of-network provider
- MRI and MRA
- Nuclear medicine imaging
- Nutritional counseling
- Occupational, physical & cognitive therapies
- Oral surgery in a hospital
- Orthotics
- Outpatient testing
- Pacemakers
- Pain management services
- PET scans
- Private duty nursing
- Prosthetic devices
- Photo ultraviolet light therapy
- Reconstructive surgery
- Assistant surgeons
- Sinus surgery

Gifts received between January 1, 2008 - December 31, 2008 will be recognized in the Employee Giving Campaign Honor Roll.
Monmouth University deploys an Emergency Notification System for the purpose of contacting students and employees in the event of an emergency such as school closings, delayed openings, early dismissal, pandemics or other campus wide issues classified as an emergency. This system known as Connect-Ed® can send a telephone message, text and email message.

If you were not previously enrolled in the Connect-Ed notification system, you will be automatically added. Your personal contact telephone number on file with Human Resources and your University email address will be automatically added. This action is being taken by the University because your personal safety is very important to us.

If you wish to receive emergency notification on other telephone numbers or via SMS Text or other email you must log in and update your information. You may have a combination of six (six) telephone numbers, two (2) email addresses or one (1) SMS Text message addresses in the system. You may modify your information by going to http://notify.monmouth.edu. Your user ID and password are the same as you would use for access to other Monmouth University systems.

If the University declares an emergency, the system will attempt to call you on each telephone number, email address and will also send an SMS Text message to every number and address you have entered. If you have multiple entries, you will receive multiple notifications. Caller ID will display the call as coming from the University's Emergency Information Line at 732-263-5900.

While it is strongly advisable to be enrolled in our Emergency Notification System, you do have the option of removing your information. However, before removing yourself you should consider the consequences of being uninformed during a possible crisis. To remove yourself from the system you must log in to http://notify.monmouth.edu and select Delete.

Monmouth University cannot guarantee that this system will always be able to contact you via your designated telephone number(s) due to circumstances beyond our control. You should always check the University’s Emergency Information Line by calling 732-263-5900 for further details, listen to local radio stations or contact your immediate supervisor.

If you require further information please contact the Information Systems Help Desk at helpdesk@monmouth.edu or by dialing H-E-L-P from any campus telephone.
