As part of the Division of Finance, the Central Box Office serves as a miniature Ticketmaster or Tele-Charge for Monmouth University. Tickets for most Center of Distinction events, which are held at Woods Theater and Pollak Theatre, can be purchased either in-person at the Box Office window, on-line at http://www.monmouth.edu/arts_events/boxoffice.asp or by telephone at 732-263-6889.

It is important to note that the Central Box Office has a new home in the Multi-purpose Activity Center (MAC)! Having outgrown its former location in the Student Center, the Box Office responsibilities are also expanding.

In the past two years, the Box Office has also sold tickets for athletic events, including Football as well as Men’s and Women’s Basketball. Additionally, the Central Box Office will be selling tickets for events that will be held in the MAC. Furthermore, tickets for Student Activities Board (SAB) events and those events booked through Conference and Program Services are also printed by the Central Box Office.

Patricia Curtis is the Box Office Manager and has worked at the University for five years. Patti has a Bachelor’s degree in English from Montclair State University and has spent a good portion of her professional career at AT&T. A part-time position at the PNC Arts Center eventually led to a full-time position at the Strand Theater in Lakewood, where Patti was the Strand’s Box Office and Event Manager for three years before arriving at Monmouth.

Patti’s primary responsibility is the maintenance of the ProVenue ticketing software, gathering the information for more than 150 events each year that the Box Office handles, and building each of those events into the system so that they are ready for phone, in-person and Internet sales. She interacts on a daily basis with numerous departments that are impacted by the Box Office. Her extensive experience in customer service provides the perfect backdrop for her work. Patti gets a great deal of satisfaction from the many customers who express their thanks and appreciation for assistance. She enjoys speaking with and helping her diverse clientele and appreciates that every day brings a different set of activities.

Patti resides in Neptune City and enjoys spending time with her husband and family. She loves to read and listen to music as a means of relaxation, visiting Long Beach Island and is a big Giants fan.

Caitlin Delaney is the Box Office Assistant and feels as though she has been at Monmouth forever. Caitlin is a Monmouth alumna who worked in the Central Box Office as a student before joining the staff three years ago. First, she served in a part-time capacity, and then became full-time as the department grew.

When she was in eighth grade, Caitlin began volunteering at the Woods Theater, doing everything from helping out backstage to business management. There, she developed her love of theatre, along with many relationships with the staff, faculty and actors that populate the Woods Theater.

Caitlin assists with all customer service issues, along with establishing and coordinating the schedule of student workers. In her time at the Box Office, Caitlyn has witnessed and been part of the tremendous growth of the department. She is also excited about their move to the MAC and further expansion. Caitlin has a Bachelor’s degree in Psychology from Monmouth and is currently enrolled in the Master’s program in Psychological Counseling here.

Caitlin resides in Long Branch with her family. Although, she has an extremely busy schedule trying to balance work and her classes, Caitlin tries to spend as much of her free time with her family and friends. She also likes watching Yankees games and going to the Stadium whenever she has the opportunity.

Say “Hello” To ... 

Courtney Ball

Courtney is a Monmouth alumnus who returned to campus on August 3 as the Cheerleading Coach. Courtney earned a Bachelor’s degree in Elementary Education and English this past May from Monmouth. Courtney cheered here for four years and was captain of the squad during her senior year. Courtney’s experience also includes coaching the Hunterdon Central Regional High School team to a second-place finish in the 2009 National High School Cheerleading Championships.

Melissa Faulkner

Melissa joined the staff of the Center for Student Success as the Job Developer/Career Counselor on August 17, after spending the last three years as the Director of Career Planning at Cedar Crest College in Allentown, Pennsylvania. Prior to that, Melissa worked as a career counselor at Rutgers University and in experiential education at Seton Hall University. She received her Bachelor’s degree in Anthropology and Religious Studies and her Master’s degree in Diplomacy and International Relations; both from Seton Hall University.

Revé Anderko

Revé joined the Undergraduate Admission staff on August 4 as an Admission Counselor. She is a recent graduate of the Business Management program at Moravian College in Bethlehem, Pennsylvania, where she also worked as an intern in their Admissions department and as an Office Assistant in the Financial Aid office. In addition, Revé recently worked as an After-School Counselor at the Moravian Academy Lower School.

Employee Activity Committee News

Several hundred Monmouth University alumni, employees, family and friends cheered on the Lakewood Blue Claws on August 20th at “Monmouth University Night” at the minor league baseball team’s First Energy Park. Contest winner, Anthony DelFranco, Director of the Annual Fund, gave a rousing rendition of “Take Me Out to the Ball Game” during the 7th inning stretch. Everyone enjoyed the beautiful stadium and the warm summer night.

On September 12th we traveled to the Little Italy section of New York City for the 82nd Annual Feast of San Gennaro. More than 35 of Little Italy’s most-famous Italian restaurants rolled out the red carpet for Feast visitors. In addition, there were more than 300 street vendors selling a wide variety of merchandise. The Feast also had a number of arcade games as well as many other fun activities for the younger members of the family, including carnival rides.

We were right here on campus at the Poliak Theatre for Neil Berg’s new Broadway review production “101 Years of Broadway” on October 17th. This production featured Rita Harvey who portrayed Christine in “The Phantom of the Opera” and Carter Calvert from “It Ain’t Nothin’ but the Blues”. This highly anticipated return engagement featured a dazzling cast of Broadway stars accompanied by an all-star New York band.

Please remember to use Plum Benefits for entertainment discount offers and the Buyer’s Edge discount purchasing program. Discounted movie tickets are still $7.00 per ticket. Both are available in Human Resources.

The EAC had purchased tickets to the Broadway show “Guys and Dolls” for September 12th and also for the Broadway show “9 to 5” for October 10th. Unfortunately, both shows closed before the date of our tickets. We are looking into other Broadway shows for future trips. If you have any suggestions please contact Sharon Smith by emailing ssmith@monmouth.edu by calling extension 7594.

Where is it?

(answer pg. 5)
Did You Know?
CENTER FOR STUDENT SUCCESS ANNOUNCES NEW DEAN

We are pleased to announce the appointment of Dr. Mercy Azeke as Dean of the Center for Student Success, effective October 15. Dr. Azeke brings excellent credentials and extensive experience managing all the areas constituting the Center for Student Success, with her most recent position at Virginia Tech as the Director of Academic Advising and Student Services for the undergraduate program in their Pamplin College of Business. Prior to that, Mercy served for several years as Executive Director of the First Year Experience at Norfolk State University, also in Virginia. She holds a Master’s degree in Curriculum Instruction and a doctoral degree in Vocational Education, both from Temple University.

Built on the foundation of the Life and Career Advising Center (LCAC), the Center for Student Success is specifically intended to provide students and alumni with a more comprehensive set of resources and services within one location. Our principal goal is to make sure that our students and alumni achieve greater success in gaining employment, graduate school placement, and meeting their life and career goals. Please visit the CSS in the near future and appreciate the beautiful renovations to that area completed this summer.

The Great American Smokeout at Monmouth University
Thursday, November 19, 2009

Every year, on the third Thursday of November, smokers across the nation take part in the American Cancer Society’s Great American Smokeout® by smoking less or quitting for that day. The event challenges people to stop using tobacco and helps make people aware of the many tools they can use to help them quit for good.

Research shows that smokers are most successful in kicking the habit when they have some means of support. Using multiple measures works better than using one method alone.

- nicotine replacement products
- counseling
- stop-smoking groups
- telephone smoking cessation hotlines
- prescription medicine to lessen cravings
- guide books
- encouragement and support from friends and family members

Telephone stop smoking hotlines are an easy-to-use resource. And as of 2008, they are available in all 50 states. Call 1-800-ACS-2345 (1-800-227-2345) to find telephone counseling or other support in your area. Support is out there, but the most recent information suggests that fewer than 1 in 4 smokers report having tried any of the recommended therapies during his or her last quit attempt.

WATCH FOR ANNOUNCEMENTS ABOUT WORKSHOPS AND EVENTS TO HELP YOU ACHIEVE YOUR GOAL TO QUIT SMOKING!!
Exciting Improvements Made on Campus

The largest, most visible project we have been working on is the Multipurpose Activity Center (MAC). The MAC ribbon cutting was held on September 16, 2009. The MAC, which seats 4,000 people, is the home of the University Store, a Fitness Center, basketball arena, 200M indoor track, locker rooms for all 19 Division 1 sports and visitors. The University’s Blue and White Booster Club, the Central Box Office, and ten multi-purpose suite-style rooms that can be used for academic or administrative groups are also located in the MAC. We are planning to offer performing arts events in the MAC. A large bronze hawk statue, donated by the Alumni Association, outdoor seating and bike racks round out the exterior, providing a nice gathering area. Landscaped areas on the northwest side of the building, adjacent to the Alumni House, create space for recreational activities.

LOUNGE/STUDY ABROAD

Study Abroad was moved to the first floor as well, adjacent to the new dining lounge.

Each summer we renovate a residence hall. This year Cedar Hall was selected. The project included new paint, flooring, furniture, and mechanical equipment upgrades. In addition, several bathrooms in the Garden Apartments were renovated, and new furniture was installed in Maplewood Hall. We also installed a bocce court on the North Campus.

The Honors School moved from Birch Hall to Beechwood Hall to create additional housing for honors students and more programming space for all members of the Honors School.

We also paved the roadway in front of the Great Lawn Apartments, Lot 12 - Great Lawn resident student parking lot and Lot 14 - the commuter student parking lot.

We constructed an ADA-compliant bathroom on the lower level in Wilson Hall, adjacent to Wilson Auditorium, for physically-challenged people.

Improvements were also made to several academic spaces, including the 600 Building, the 800 Building, Edison Science Building, Howard Hall, and Bey Hall. We have also created several small niches throughout Edison Science and McAllan Hall for students to gather and collaborate.

The new freshman residence hall, located on the corner of Pinewood Avenue and Cedar Avenue, is well underway. Completion is anticipated in June 2010, in time for freshman orientation. As part of the project, we are constructing a new detention basin, tennis courts, and an additional 120-car parking lot. The tennis courts will be completed this fall and the parking lot next summer.

Center for Student Success

The Center for Student Success was created to centralize and enhance student services. A new home for the Center was created in the lower level of the Stafford Student Center, the former site of the Bookstore. The newly created Center includes the Dean’s Office, Career Services, Experiential Education, First Year at Monmouth (student advising), and the Writing Center. In addition, a Graduate Student Lounge was created in the lower level. University employees performed most of the work on this project in an effort to reduce the cost.

A second commuter student dining area/lounge was created on the first floor of the Student Center.

Disability Services and the Tutoring Center were moved from trailers to the first floor.

Tutoring Center and Disability Services

Ouch! I'm Growing
Please Don't Step on Me!
NEW!! To Your Health

The Importance of Exercise
A regular program of exercise is an important component of any plan to help a person lose, gain or maintain their weight. However, there are many advantages to incorporating exercise into your daily life. The psychological benefits of exercise are equally important as well as producing physically fit bodies and providing an outlet for stress, fun and socialization.

How to Get Started
First and foremost, check with your doctor before starting any program. Then pick activities that you think you will enjoy. It’s much easier to stay focused and committed if you are having fun and doing what you like while working hard. Set aside a regular exercise time and do not get sidetracked by other obligations. Set realistic short term goals that can be easily reached and keep track of your progress and achievements along the way. Be sure to keep your exercise program varied. Change your routine and individual exercises to avoid getting bored. And always reward yourself for your accomplishments!

Exercise, Energy and Weight Control
According to the Department of Health and Human Services, estimates indicate that 34 million adults are considered to weight more than 20% above desirable weight. Excess body fat is linked to many health problems such as heart disease, high blood pressure, osteoporosis, diabetes and arthritis. Exercise is associated with the loss of body fat and aids in weight management. Losing weight or gaining weight depends on the amount of calories you consume and use during the day. This is referred to as energy balance. If you eat more calories than you burn the extra calories are stored as fat. By decreasing your caloric intake and increasing your physical activity you can lose excess weight in the most health and efficient way.

The New Fitness Center at the MAC
If you have not yet seen the new Fitness Center on the lower level of the Multipurpose Activity Center, you will want to rush right over! Complete with state-of-the-art equipment and increased hours of operation, it is the perfect place to begin your exercise program. Director of the Fitness Center, John Jackman (Jack), is available to employees for one-on-one consultations to help jump start your exercise regimen.

Jack has worked with students, student-athletes and employees alike for more than 15 years at Monmouth. He has been a competitive body builder and trainer since 1984. Jack will be offering 45-minute consultations, by appointment only. Please call Jack at extension 3674. Beginners, intermediate and advanced exercisers are welcome.

Please familiarize yourself with the policies on the use of the facility:

- All faculty, staff and administrators must present identification and check in at the desk in the lobby.
- Proper athletic attire must be worn at all times. Blue jeans, work boots, sandals or bare feet are not permitted. Shirts must be worn at all times.
- No food, canned beverages or glass bottles are permitted in the exercise areas.
- All personal belongings (such as jackets, books and so on) must be left in the lockers that are provided in the lobby of the Boylan Gymnasium. The University is not responsible for lost or stolen items.
- There will be no cell phone use in cardio or weight room area.
- All weights must be returned to their appropriate places when you are done using them. All free weights should be returned to the plate holders with plates of the same. All dumbbells should be returned to the dumbbell racks in sequential order. Weights are not to be left on the floor or leaned against the walls or equipment. Weights are not to be dropped or thrown on the floor.
- Equipment must be wiped down with paper towels and disinfectant (located throughout the facility) after you finish an exercise.
- In consideration of others, limit your time on the cardio equipment to 30 minutes at peak times.
- Inappropriate language or behavior of any kind will not be tolerated. Be respectful of other individuals and the equipment.
- Persistent disregard for these policies will result in a loss of your workout privileges.

Announcement!!!
The Office of Student Employment now reports to Human Resources in the Administrative Services division.

Where is it? (answer from pg. 2)
The Walking Path! Due to popular demand, and in an effort to focus on wellness as a campus initiative, mile markers have been posted for two separate walking paths. Both start in the front of Wilson Hall. The Great Lawn Loop is approximately 5/8th of a mile and guides a walker around the Great Lawn Apartments, past Pollak Theatre and back to the front of Wilson Hall. The North Campus Loop takes you through the underpass to the North Side of Campus, back around past McAllan Hall and returns in the front of Wilson Hall. Happy Walking!!
I know that open enrollment for the Flexible Spending Plan is coming soon, and I hear that this plan offers tax advantages for out-of-pocket dependent care or healthcare costs, but I really don’t understand how this works. Could you help me to understand this program so that I can decide if I should participate in this benefit?

Flexible spending plans allow you to withhold a portion of their paycheck on a pre-tax basis to use during the plan year to pay for healthcare and dependent care expenses that aren’t covered by any of your benefit plans. Healthcare doesn’t just mean medical and prescription care; it also includes dental, vision and many over-the-counter medications.

Normally, most employees pay for their healthcare and dependent care expenses without using a flexible spending account. What this means is that you are probably paying for these expenses with income that you have paid taxes on. If you are hoping for a write-off on your taxes when you file your return, you’ll only get a break on the healthcare costs that exceed about 7.5% of your adjusted gross income. For dependent care, you can claim a credit on your taxes — this is a more complex calculation, so you should consult your tax consultant or accountant to see whether a tax credit or flexible spending account is better for you.

If you participate in the flexible spending account, then the amounts that you have deducted from your check are withheld on a pre-tax basis and credited to your flexible spending account. Once you incur an eligible expense, you submit a claim along with your substantiating documentation for eligible expenses to receive a refund from your account. It’s that simple, and your net savings on the taxes can be substantial!

There are some things that you should be very certain to understand. First, you must be careful that you do not set aside more than you will be able to spend during the calendar year (with a 2½ month extension). If you do not incur enough expenses during the year to receive a refund of all the funds that you have set aside, then you will forfeit the remaining balance. If you participate in both healthcare and dependent care spending accounts, you can not transfer money between the two accounts. You should be very diligent in determining the amounts that you may need for the year.

The following options will be available to you:

1. A Healthcare Flexible Spending Account can be used to cover your out-of-pocket unreimbursed healthcare expenses. You may elect to set aside any amount for the calendar year between $100 and $2,500. The amount you elect will be withheld equally over the 26 pay periods in the calendar year. These funds can be used for medical, prescription, dental and vision expenses such as co-pays, deductibles, as well as the amounts that you pay for unreimbursed co-insurance, eyeglasses, contact lenses and solutions, laser eye surgery, orthodontia, and many over-the-counter medications necessary for medical care including antihistamines, allergy and pain medications, and even smoking cessation products. A more detailed listing is available in the Office of Human Resources.

2. A Dependent Care Spending Account can be used to cover your out-of-pocket expenses for child care or elder care incurred while you work. You may elect to set aside any amount for the calendar year between $100 and $5,000 (limited to $2,500 if you are married but file a separate federal tax return; for all participants, further limited to the lesser of your earned income or your spouse’s earned income). The amount you elect will be withheld equally over the 26 pay periods in the calendar year. These funds can be used for the care of a dependent child under the age of 13 for nursery school, pre-school or day care center; care for any member of your household who is physically or mentally incapable of caring for himself/herself and for whom you claim an exemption, or care for an elderly dependent family member who lives with you and qualifies as a tax dependent. A more detailed listing is available in the Office of Human Resources.

The open enrollment period for Monmouth University’s Flexible Spending Account Plan is the last two weeks of November each year for a January 1 effective date. If you have any questions regarding this plan, please call the Office of Human Resources at extension 3470.

Important Dates

**NOVEMBER**

- **9-30** Open Enrollment: Flexible Spending Account (FSA) Program
- **9-30** Open Enrollment: Pre-taxing Medical/Dental Payroll Contribution
- **23** Submission of Tuition Remission Forms for Spring 2010 Semester Begins
- **26-27** Thanksgiving Holidays

**DECEMBER**

- **11** Employee Holiday Gathering
- **17** Medical Voluntary Incentive Program: 2nd Quarterly Payment
- **24-31** Holiday Break

**JANUARY**

- **1** Holiday Break
- **18** Martin Luther King Jr. Holiday
- **19** Spring Semester Begins

**FEBRUARY**

- **4** Employee Giving Campaign Luncheon
Our Commitment to Sustainability

On January 16, 2009, Monmouth University entered into a Memorandum of Understanding (MOU) with the United States Environmental Protection Agency (EPA). The purpose of this MOU is to document Monmouth’s commitment as an environmental steward that pledges to reduce its carbon footprint and generally contribute to a better environment. A copy of the MOU and our first report of progress can be found at http://www.monmouth.edu/resources/SAC/default.asp. Under this MOU, Monmouth will participate in the following voluntary EPA environmental stewardship programs:

- Coal Combustion Products Partnership
- ENERGYSTAR Building and Plant Partnership
- GreenPower Partnership
- GreenScapes Partnership
- National Clean Diesel Campaign & Clean Construction USA
- WasteWise Partnership
- WaterSense Products

At Monmouth University, we are committed to the principles of energy conservation and environmental sustainability. For many years, we have proactively taken many steps, both large and small, to conserve energy and to reduce our impact on the local and global environment. We are excited to share with you some of the environmental sustainability initiatives that we have undertaken, and those that we are currently underway. Monmouth’s SAC website has all of the details about:

- Campus and Community Involvement
- Energy Conservation and Efficiency
- Renewable Energy
- Sustainable Design, Construction, and Operations Practices
- Vehicles
- Waste Management
- Water Resources

What You Can Do

As in all things, this University is committed to looking forward. Consequently, we recognize that there is much more work to be done, and we need and want your involvement. Every action we take influences our delicate ecosystem and the sustainability of our campus and community. Here are a few simple things that you can do to help:

- Turn out the lights when you leave a room
- Use the ample day lighting available in many of our buildings and don’t turn on the lights until it’s necessary
- Turn off your TV, computer and other electronic devices when they are not being used
- Don’t leave the water running when it’s not being used
- Consider whether you really need to print that email or document, and print double-sided when you can
- Close your windows when the heat or air conditioning is on
- Be a diligent recycler
- Walk or bike instead of using your car for a short trip, and carpool whenever possible

The recently-formed Sustainability Advisory Council is an interdisciplinary work group comprised of students, faculty, staff and administrators. The mission of the SAC is to promote environmental awareness and encourage the development of an environmentally responsible and sustainable campus community in its operations, education, research, outreach and services. The SAC will propose and research energy and environmental sustainability policies and initiatives, and recommend specific policies and initiatives for the University to implement that will advance the University’s sustainability goals.

The SAC has established a committee structure for its research, with committees for Academic Programs and Research, Energy, Greenhouse Gas, Land and Water, Outreach and Waste Management. We encourage your participation. If you are interested in becoming a member of the SAC, please send an email to Jim Ferris at jferris@monmouth.edu. With your help we can make a difference!
Founder’s Day
OCTOBER 14, 2009

President Paul G. Gaffney II with 2009 Distinguished Alumni Award recipient Michele Evering-Watley ’89, Convocation Speaker Stephen E. Flynn, Ph.D. and Monmouth University Board of Trustees Chairman Alfred J. Schiavetti.
