The big event, a big success

KELLI FLETCHER STAFF WRITER

The Student Government Association held its fifth annual Big Event Saturday, October 8, at 11 a.m. This year had the biggest turnout with 450 volunteers signed up to volunteer and 31 work sites, opposed to 300 volunteers last year. The purpose of this event is to aid the surrounding area of Monmouth University and Monmouth County with community service.

“This year we had 450 student volunteers sign up, which is the largest amount of volunteers in Big Event history. Due to inclement weather conditions about 275 students showed up, but we were still really happy with the turn out,” said SGA Vice President Lynsey White.

Student Government President Alyson Aqua, began working on this project with only a few months to prepare and a long list of things to accomplish. “The Big Event is usually held in spring semester, typically at the end of March. We decided to change it up this year. We wanted it to be warmer and expand the type of service because a lot of businesses needed full clean ups. We also wanted to spread out our events during the year and not just do everything in the spring semester.”

Volunteers registered in the Student Center and were notified which work site they were assigned to. They also received breakfast and a free Big Event T-shirt.

"Big event" volunteer associations represented various clubs and organizations on campus.

MU receives zoning approval to build new facilities

West Long Branch ‘s Coalition of Neighbors express their disappointment

ERIN ROSE STAFF WRITER

Monmouth University received zoning Board of Adjustment approval for a new dormitory and other facilities, despite objections from residents of the surrounding neighborhood.

After nearly two years of debate, the board members voted 5-1 to accept the plan that calls for a 196-bed dormitory, 122-stall parking lot, six tennis courts, and large water retention basin to be built on the north side of campus where the majority of student housing is currently located.

“We are very pleased with the decision of the Zoning Board,” Patricia Swannack, Vice President for Administrative Services for the university, said after the hearing. “The board has committed a lot of time to this application.”

The decision comes as a blow to the West Long Branch Coalition of Neighbors, dedicated to preserving open space in the area around Pinewood Avenue, Beechwood, Holwood, and Brookwillow Avenues, and their president, Joseph Hughes.

“They’re votes for the application were ‘no’ votes for the quality of life in this town,” Hughes told the Atlantic City newspaper, “This plan is going to have a huge impact on the neighborhood.”

Hughes and his wife, Pamela, who live across from the proposed Ocean Commission Initiative, started with a momentous meaning ocean policy by accelerating the pace of change.

“We are on the threshold of doing something great for the country,” stated Watkins, who was among the first to speak. Watkins was appointed the sixth Secretary of Energy of the United States. George Bush in 1989. Watkins began in the United States as an Adjunct professor at New Jersey and succeeded in attaining the Navy’s highest uniformed office, Chief and Naval Operations. In 1993 he was President of the Joint Oceanographic Institutions where he also established the Consortium for Oceanographic Research and Education. Currently, Watkins is the Chairman of the U.S. Commission on Ocean Policy. During his speech, Watkins discussed issues of global warming and the prediction of Hurricane Katrina. In an effort to prevent incidents like this from occurring, Watkins claimed, “We need the world to change the ocean, not just clean up the debris.”

Following Watkins, was Speaking on the theme "Ocean in our veins." JOE HUGHES 35th President

NEC tournament. Hawks defeat Mount. Mary's going to college.

COURTNEY MUIR STAFF WRITER

The Urban Coast Institute Symposium was held in the Wilson Hall Auditorium on Thursday, October 6th, from 2:30 to 4:00 p.m. Featured speakers were Admiral James D. Watkins of the U.S. Navy, and the Honorable Leon E. Panetta. Joining them were Mrs. Lillian Borromeo, Commissioner Bradley M. Campbell, Dr. Jim Sinclair, PE, and Bill Rosenblatt, Ed.D.

Moderating the Symposium was the director of the Urban Coast Institute, Tony MacDonald, who discussed the surrounding network of research and education programs that will focus on sustaining the quality of New Jersey's coastal environment. Reports revealed that 31% of New Jersey's coastal residents have a mortgage on their homes, with many perspective ability to land loans and aid students take on increasing student aid.

Opinion

Stop the raid on student aid

World According to MU:
Educational decline in U.S. schools

KELLI FLETCHER
CONTRIBUTING WRITER

A Sept. 30th article in the University of Southern Cali-
ifornia's student newspaper, the "Daily Trojan," said that "the United Nations Children's
Fund (UNICEF) said the United States is falling far behind oth-
ers countries when educational standards and systems are com-
pared.

In a study for children in grades four to twelve, which was conducted by the Trends in International Mathematics and Science Study, education in the U.S. was found inadequate when compared to countries like Australia, Finland and Hungary.

A 2003 study conducted by the United Nations Children's Fund (UNICEF) said the U.S. only ranked 26th out of 24 countries. There are a number of possible reasons for this de-
cline in the ability to maintain a certain standard for education. The main difference noted be-
tween other countries and the U.S. was the literal way les-
sions were being taught in most school systems.

The U.S. tends to teach chil-
dren the procedure not the con-
cept, and children mimic what they see as the correct way of understanding why. This can cause students to turn away from school, stop learning, and possibly even drop out.

When asked what he thought about the incidence of students dropping out, Business Analyst Derek Bea-
ushman stated, "Due to this type of teaching, a larger number of students are self-converting to a more entrepreneurial mindset once privy to real world infor-
mation."

This practice is more promi-

nent in the higher levels of educa-
tion, such as grades nine to twelve. However, it still has a lasting ef-
flect on lower grades.

The article reported that more students are becoming less con-
nected to the future and finan-
cially secure. With the current insti-
tutions abroad tend to teach their students to understand the concept behind the line.

This gives students the ability to better comprehend what is more or less being taught. For example, a school in Belgium may teach their students how to add, subtract and multiply fractions as well as what fractions really are and why frac-
tions are used. Teaching a stu-
dent the "why" and not just the "how."

This helps to improve stand-
ards of education for children as well as providing funding to meet the new requirements. Each district is analyzed and a funding is disbursed dependent upon the classrooms achievement.

In 2002, Congress passed a law called, No Child Left Behind. This law helps to improve stan-
dards of education for children as well as providing funding for schools that are teaching their children in a fashion of excellence.

In 2002, Congress passed a law called, No Child Left Behind. This law helps to improve standards of education for children as well as providing funding for schools that are teaching their children in a fashion of excellence.

According to Perrotto, the coop-
eration of the Monmouth Univer-
sity Police was an important part in making this documentary. "We do a documentary," said Hanley. "They of-
er their personal stories about the

"Shadows of Shadow Lawn." This documentary was produced by Monmouth graduate student Tom Hanley.

The concept came from Hanley, after hearing about ghost stories on campus. "I talked to Pat about it and we came up with the idea to do a documentary," said Hanley.

The doc film captured in April and have shot 15 hours of footage and acquired six to seven hours of old archived University footage as well as 60 to 70 photos. The docu-
mentary will be one hour long.

Perrotto said that the University has been "incredibly supportive" of this documentary as the uni-
versity has pretty much assisted us every step of the way," said Han-
ley.

Perrotto said, "President Gaff-
ney jumped right in and supported us.

The concept came from Hanley, after hearing about ghost stories on campus. "I talked to Pat about it and we came up with the idea to do a documentary," said Hanley.

The doc film captured in April and have shot 15 hours of footage and acquired six to seven hours of allegedly haunted by a stable boy who died there in the turn of the century. The Guggenheim Library is said to be haunted by Mary and Leonie Guggenheim.

Then there is Wilson Hall, which is the least known to be haunted but the producers believe once you see this documentary you will re-
alize there is more than meets the eye.

There are times when we are editing now when we creep ourselves out because there are sounds of whispering in the dark and images we caught on tape that can't be explained," said Perrotto.

"We've been told certain stories from multiple police officers about experiences in Wilson Hall," said Hanley. "So we went and we spent the night in Wilson Hall and ev-
ey one of those experiences we had synched up with the police department's interpretation.

"We heard footsteps walking with a cane," said Perrotto. "We've felt drafts coming up the stairs in Monmouth graduate student
Tom Hanley and Monmouth alum Patrick
Perrotto produced the documentary "Shadows of Shadow Lawn".

SGA retreat: the beginning of a successful year

I thought the retreat went very well. It was a great way to get the senate together and be put in a different atmosphere besides just our meetings.”

LYNSEY WHITE
SGA Vice President

Greetings MU!

Well, October is here and so is the colder Fall weather. And we all know what that means...HOME- COMING!

Monmouth University presents MU GOES HOLLYWOOD on Saturday, October 22nd. Start the weekend off right with SGA’s traditional Bonfire and Pep Rally Friday night at 7:00 p.m. in lots 25/25A. Come show your school spirit around the fire. There are special things in store for everyone that night including Yell Like Hell and the announcement of Homecoming Court.

Speaking of which, Homecoming Court elections will take place on WebAdvisor Wednesday, October 19th at noon until Thursday, October 20th at noon. Let’s make this the best election turn out MU has ever seen!

The Homecoming float parade begins at 12 noon on Saturday the 22nd, the commuter parking lot game. Start at 1:00. The commuter parking lot opens at 9:00a.m. for tailgating to begin. All alcoholic consumption at tailgating must cease at 3:00p.m. Come join the family, friends, alumni and your fellow students in this Monmouth tradition!

All students in tailgating must pick up and fill out a tailgating reservation form from the SGA secretary on the 2nd floor of the R.S. Student Center by Monday, October 17th. Resident students, please leave your cars on the residential side of campus. No glass bottles or pets are permitted in the tailgating area.

Thank you to everyone who participated in the BIG EVENT! It was the most successful Big Event that Monmouth has seen yet. We had 350 more volunteers (450 total!) sign up this year than last year. Let’s hope that next year it doesn’t rain...again!

Finally, Wednesday, October 12th is Founders Day. Monmouth’s celebration of all its years of success! The celebration is at 2:30 in Pollak Theatre. Come and join the tribute to MU.

OK now for the questions…

What is there for commuter students to do on campus?

There is a commuter club which works to enhance the commuter life at MU. It gives non-residential students the opportunity to voice their thoughts, opinions and concerns as well as work with administration and provide curricular opportunities. See Vaughn Clay, Director of Off Campus and Commuter Services, if you are interested!

How can I get involved in a club or organization since it’s already October? All clubs and organizations welcome new members all year round no matter if you are a first year or a fourth year student. Look in the Student Handbook for a list of clubs and/or visit the Office of Student Activities to see what MU can offer. There is a weekly e-mail that goes out to all students telling which clubs meet at what times. If you are interested in starting a club that you cannot find, visit Heath Kelly in Student Activities to start the process of forming your own club.

Where is the third floor of the R.S. Student Center?

The third floor of the R.S.S.C is where many student clubs and organizations have offices. Other offices include Study Abroad and Service Learning. The easiest way to find these locations is to take the elevator to the third level. Otherwise, keep an eye on the stairs all the way up. Sounds easy enough, but it’s also easy to get lost the first time (I know I did!).

Interested in the Student Government? Join us every WebAdvisor Wednesday at 2:30 in our office on the third floor of the R.S. Student Center.

Until next week, have a nice FALL ;-) 

Best regards,
Alison Goode
SGA President x4701

**Get Involved!**

Check here every week for great events coming your way.

**Happy Founder’s Day Monmouth!!**
If you want to steer away from the standard trick or treating this year, this area has a wide array of treats for older adults and children on Halloween. There are events and exhibits to entertain, scare, and bathe. Many of the places mentioned have websites to visit to get further information or make reservations. If you are going to celebrate Halloween this year, make sure to put at least one of these events on your list!

• Frigh Fest 2005 is open at Six Flags in Jackson, NJ until Oct. 31 on weekends only. It has been nicknamed the "Northeast's Largest Halloween Party" and is ready to turn the park into a scary evil event with a terror tower, scary carouse, haunted hayride, funhouse, hypnosis tent, and monster mash bash for younger kids. If you buy tickets online you can save 10 dollars and also they offer group rates starting at 15 people. (www. sixflags.com/events/halloweenparade/)

• Toms River's 6th annual Halloween Parade on Oct. 31 at 7 p.m. The parade begins in the city and goes down Main Street to Seaside Heights, NJ. (www.sixflags.com/events/halloweenparade/)

• Hell in Paradise Costume Ball at 101: Ashbury Avenue, Asbury Park, NJ. This ball begins at 10:30 and ends at 12:30 a.m. The cost is 15 dollars if you arrive before midnight, and 18 dollars after midnight.

If riding in a pile of hay is your Halloween dream, New Jersey is a variety of locations to give you just what you are looking for: (www.scarystarplace.com, www. halloweencostumes.com, www. halloweenexpress.com, www.halloween_costumes.com)

• Marshall’s Farm Market, Route 46, Delaware, NJ. Their haunted trail is two miles south of Vernon, six miles north of Warwick, NJ. (www.marshallsfarmresort, Jackson, NJ)

• Race Farm, Route 94 South, at Blairstown, NJ

• Hallock Farms, New Egypt, NJ

If you want corpses and bloody bodies, look no further! There are a variety of places to get these haunted houses and exhibits: (www.scarystarplace.com, www.halloweenexpress.com, www. halloween_costumes.com)

• Haunted Hotel, Autoland, Springfield, NJ

• New Jersey Kingdom Renais- sance Fair with haunted village. West Orange, NJ

• Haunted Manor, Funtown Pier at Seaside Heights, NJ (www.jskpt.com, www. mapleshade.com (for fundraiser for Maple Shade First Aid)

• plaster garden's Frigh Fest with house, maze, and hayride, Flemington, NJ

• Zombie Hall, Bayonne, NJ

• Green House of Fear, Mont- vale, NJ

• Haunted Horror Walk, Abber- deen, NJ

• The Jersey Devil’s Haunted Woods, Williamstown, NJ

• Ride of Terror, Mullica Hill, NJ

• The Halloween Express, Whippenny, Whippany, NJ

• HallowMarine - a haunted sea- side family experience. Oct. 22 at Sandy Hook, NJ

• Nightmare's Haunted House of the Director at Desperio’s Farm, West Montvale, NJ

• Exodus of the 13th Hour at Red Mill, Clinton, NJ

• Screaming Run, Haunted Walk at Learning’s Run Gardens, Swainston, Swainston, NJ

• Ralville’s Wicked Woods, Waretown, NJ

For those willing to venture to Pennsylvania:

• Frigh Factory’s Forgotten In- sane Asylum, Philadelphia, PA. It is open weekends until Halloween, tickets can be purchased online, and bus trips can be organized on the website. (www.frightfactory.tv)

• Shockbootech is held inside an abandoned industrial park which used to house psychiatric hospitals and a toxic waste dumping site. A $30 ticket will allow you into the prison of the Dead, the Biohazard Hayride, and the Toxic Asylum 3D Extreme. Shockbootech will be open Thursdays through Sundays until Halloween. (www.schockbootech.com)

For those partial to New York, there are a few popular places to get your scares and excitement:

• The Great Third Avenue Fes- tival, Oct. 23, New York, NY. Dress in your best costume!

• Double M’s Haunted Hayrides, Ballston, New York. Includes a ride and a maze. (www.mmhaunt- edhayrides.com)

• House of Frankenstein Wax Museum, Lake George, NY. Open on weekends only. (www.franken- steinwaxmuseum.com)

• HallowMasquerade Ball at the Pump Building on Oct. 29 in New York. NY. It will only cost you five dollars if you come in costume.

• Halloween Massacre H20 at Nikki and Sam’s on Oct. 29 in New York, NY.

• HallowMasquerade Ball at The Puck Building on Oct. 29 in New York, NY. (www.clubzone.com)

I have to promote a great haunted house in my hometown. It is The Trail of Terror, worth a $30 ticket that will allow you into the Prison of the Dead, the Biohazard Hayride, and the Toxic Asylum 3D Extreme. Shockbootech will be open Thursdays through Sundays until Halloween. (www.schockbootech.com)

Since I’m a Connecticut native, I have to promote a great haunted trail, located right in my home- town of West Suffield. If anyone is ambitious enough to drive that far, The Trail of Terror is worth a $30 ticket for adults or for five dollars for children. All of the proceeds benefit the Ameri- can Red Cross (www.trailofterror.com)

You can get jolted at The Trail of Terror, make it your priority to attend the Halloween party Oct. 29 at Tuxedo Junction in Danbury. I can personally say that the costumes and the guests at this club are like nothing you have ever seen before. Up to $2,500 in prizes will be given away for the best costumes!

If you are entertaining a young- er crowd at Halloween this year, turn to www.familyfun.com for plenty of different ideas for kids and adults who still act like kids! You will find recipes for bug juice, monster pies, pumpkin cup- cakes, creepy peepers, and worms on a stick. Are those recipes too gross for you? Click on the pumpkin carving page to find helpful tips and tricks. This site also has a section where you can print out templates to guide you in your carving of more advanced pumpkin projects.

Another way to enjoy a pumpkin on Halloween is to roast the seeds that you shoved out of it! Here is a foolproof recipe:

• Spray a baking sheet with non stick cooking spray

• Pick off any left over chucks of pumpkin

• Mix seeds in a bowl with two teaspoons of melted butter, or oil, and as much salt as you feel necessary (if you want a saltier recipe, add garlic and caraway pepper)

• Spread on the baking sheet and put in the oven at 350 degrees until golden brown or a temperature of 300 degrees

However you choose to celebrate your spookiness, just be sure to have a great time this Halloween!!

Halloween is a great opportunity to make ordinary refreshments look ab- solutely ghastly. Embrace the holiday spirit and add that extra spooky treat to your Halloween table. There are lots of ways to make your party punch extra eerie!

• Make a slime ring from gela- tin mold along with plastic bugs, spi- der eggs and eyeballs. Place a few small scoops of sherbet and fruit slices. This site even has a section on a bun.

• Float life-size zombie hands

• Make a slime ring from green liqueur, or sour peach crème de menthe or melon liqueur (to make the non-drinkers in the bunch, serve punch is the perfect prop for gory and extreme entertainment!)

• Make fun drinks and eyeballs. Place a few small cubes of ice- Buy a couple of latex molds along with plastic bugs, spiders, and fir- mgies. Place a gummy worm “crawling” out the bottom, but that’s even creepier! Try breaking off easily, but that’s okay, the disembodied digits just add to the “zombie” effect.

• Make uncanny ice cubes for chili con copecto- You may have taken lots of pictures while carving, here is a foolproof recipe:

Potent Potions for Grow-N-Up Ghouls: You must have taken lots of time and care putting together your Halloween costume, don’t forget the costumes for your favorite cock- tial ingredients!

• Float creepy-colored liqueurs and mixers on top (soda will sink to the bottom, but that’s even creepier!) Try grenadine syrup (to look like blood, crème de menthe or mint liqueur (to look like green slime), or sour peach or orange schnapps (to look like pumpkin juice).

• Make a batch of gelatin shooters in red, green or black cherry flavors. When they are set but not yet firm, place a gummy worm “crawling” out of each one.

• Serve samples from your mad scientist’s lab. Buy plastic beakers from a party supply store or forest. Pour shots of brightly-colored liquids into them, and invite your guests to take part in your “experiments.” (For the non-drinkers in the bunch, serve vanilla, fizzy drinks in the beakers. Try adding color to lemon lime soda with fruit color or flavored syrup.)

Recipe Rating: # # #
Preparation Time: 15 min
Total Time: 15 min
Makes: 10 servings, about 1 cup each Source: Kraftfoods.com

Ingredients:

• 2 cups boiling water

• 1 pkg. (8-serving size) JELL-O Brand Lime Flavor Gelatin

• 2 cups cold orange juice

• 1 bottle (1 liter) seltzer, chilled

• Ice cubes

• 1 pt. (2 cups) orange slices

• 1 orange, thinly sliced

• 1 lime, thinly sliced

Procedure

STIR boiling water

into dry gelatin in large bowl at least 2 minutes until completely dissolved.

Stir in juice. Cool to room temperature.

POUR into punch bowl just before serving. Add seltzer and ice; stir.

ADD: Orange slices, orange juice, lime slices, and orange slices. Stir in well.

Fashion doesn’t have to be glamorous and chic all the time. Halloween is only a few weeks away, and it’s time to begin the search for the perfect costume. You and your friends can go with a group theme for Halloween, or you can set yourself apart from the crowd with your own idea. Whether you plan on being spooky or sexy on October 31st, there are an overwhelming number of costumes to choose from in stores and online. A few pointers when costume shopping and enjoying your Halloween night:

• Make sure you feel comfortable in the costume, especially if you’re a female and plan on wearing something revealing. You don’t want your fun night to turn into a downer because you’re too busy worrying if your ‘hump’ is peeping out from your skirt/dress.

• Try to steer clear from costume makeup since it’s bad for your skin, not to mention difficult to take off due to its thickness. Instead, opt for brands sold at drug stores such as Revlon, Wet n Wild, or L’Oreal. No matter how many drinks you had at that Halloween party, remember to take your makeup off at the end of the night to ward off breakouts.

• If you’re on a budget, hunt through your closet, or even your parents’, for old clothes you can turn into a costume. If you’re really talented, grab a sewing kit and some fabric from the Rag Shop and make your costume.

• Not to sound like your mother, but be safe! If you’re going to trick-or-treat (you’re never too old to), be aware of your surroundings and try to avoid dark colors.

Other costume ideas for women:
I Love Lucy, cartoon characters, cowgirl, naughty nurse, ‘sexy home wrecker’

Other costume ideas for men:
Shrek, pirate, Elvis, Sugar Daddy, Santa

Other costume ideas for couples:
‘Lock and key’, mustard and ketchup, Adam and Eve, ‘ball and chain’

Other ideas for groups:
The Flintstones, fast food items, Wizard of Oz, Smurfs, Osbourne family

Dear Homecoming wannabe's,

Did you wake up this morning and look in the mirror and say to yourself, "I want to be homecoming Queen!" I bet you did. I bet you are one of those pretty faces in the stars that fill up 3 full pages of my precious Outlook space. I don’t hate. I pity. Sorry for you.

As I sat in my office yesterday afternoon and tried to avoid the people who pranced into the Outlook office with their hair done, and faces painted on I could not help but wonder why these people feel as if homecoming is one of the most important things that ever happened. Don’t get me wrong there were a handful of students who came in and made a mockery of the entire thing (props to you). Then there are those homecoming hopefuls who went to the salon and paid money for those ridiculous hair styles. We aren’t glamour shots.

It was not until I heard the words “I want to be homecoming Queen!” I looked in the mirror and said to myself, “I am a worthy individual.” Even if I don’t make homecoming court, I can still get a crown from burger king.

LAUREN BENEDETTI
EDITOR IN CHIEF

Ways to feel more secure:
Repeat the following phrases 10 times in the mirror each morning upon awakening:
“I am a worthy individual” “I don’t need 10 pounds of MAC makeup to make myself look beautiful.” “My dues are not just for buying friends.” “Even if I don’t make homecoming court, I can still get a crown from burger king.”

Op/Ed
October 12, 2005

As we know, this is our last official year here at Monmouth University. Some of you may be on the five or even six year plan, some might be going to graduate school here, and others will be forced to grow up and move onto the REAL WORLD. But now is the time to live it up and experience everything college has to offer because sooner or later you’ll look back and regret not doing something you should have. So, if you never experienced Jack-o’-a Tuesday night, take some time off and sing a little karaoke just for good times. If you never went to a football game, get a group of people together and go cheer on your winning team. If you never made it to homecoming, now’s your last chance to show some school spirit and have a good time. If you never got to ask that special person out to dinner or a movie, gather up some courage and go for it. For you seniors, this is the time to really try it out one night and actually see what it looks like. Hang around campus after class a little longer. Make new friends. Go to events. Do as much as you can during your senior year. Make sure you make the most out of our last year here, so go out with a bang and make sure you have no regrets. It’s something to think about from this step your last foot on to the Great Lawn, cry out last gasp at all the professors, take up the threepenny line steps of Wilson Hall, or simply walk through the Student Center.

To all the senior athletes, this is your last season so win as many games as you can. Go for it. This is your last time to shine. So, make sure you make the most of this time. The fact that Homeland Security officials in Washington felt Bloomberg overreacted (It’s because we the Washington official, the mechanic down the street and the stock broker in New York, etc.) never learn from the past. There are too many groups like the American Civil Liberties Union (ACLU), who rather cite every amendment from the U.S. Constitution than actually protect U.S. citizens. Instead of being thankful for the thousands of uniformed and plainclothes officers patrolling the subway and the Port Authority Bus Terminal, people are left complaining about Bloomberg and company “trying to walk.” The fact that Homeland Security officials in Washington said the threat was of “doubtful credibility” should make us rejoice – not point fingers. Those same finger pointers would have jumped all over New York City officials if a more passive approach was taken.

If we agree on nothing else let’s re-member that we have a once in a blue moon system, but it has happened. If it is the commuter parking lot, why are there so many cars there that late at night? Do that many commuters find somewhere to stay on campus when it gets late?

It seems that there are never enough parking spaces on campus. Part of the problem is resident students may be allowed access to receive commuter sticker parking decals. Some students, who do not wish to be named, have in the past received commuter stickers even though they live on campus. The parking decals for commuters cost $70 compared to the resident decals which can range anywhere from $250 to $400. What student, resident or commuter, could possibly save a couple hundred dollars? It could not be confirmed by the police station that students receive commuter decals. They could only relate that the police station checks every student application for a parking decal to verify which students are eligible and how the money is used. Although this process seems rigid, there have been special circumstances where a student will receive a commuter sticker. These special circumstances may happen more often then not. The student center closes most nights and the student center closes most mornings. There should not be any cars in the parking lot. There are no classes being held and the main center of campus is closed. Nevertheless, the parking lot will have any where from 10 to 20 cars in it. If it is the commuter parking lot, why are there so many cars there that late at night? Do that many commuters find somewhere to stay on campus when it gets late?

So what’s worse than spandex? It’s a piece of clothing most people don’t know exists, it is called a male thong. Let’s look at the name of it and do a little examining...ma-e-t-h-o-n-g, are you getting chills?

I was writing this article, I was the author of “What’s the Deal with Spandex?” which appeared in the second edition of this paper. I was a little bit of a naïve, na-ti-v-e, and un-censored! This is a new weekly column in which I will go off on a tangent about any number of topics that I’ve either thought about or just pop into my head. For those of you that know me, you might be wondering what the heck they were thinking giving me my own column. For those of you that don’t know me you might soon be thinking I’m the type of person that goes on and on about something you should have. So check my bags, check my cell phone reporting on Oct. 7 that security officials in Washington said the threat of an attack in the City is better than choosing to bomb the city’s subway on Oct. 7, it didn’t work. Joe, jump all over New York City May 7, 2004, and Washington officials or the Average American ways that we forgot what we’re dealing with? Are we so wrapped up in our brash wisdom… “a man with a male thong. It’s a trap we all yielded to prior to the year 2000.”

So then why was the Associated Press reporting on Oct. 7 that Homeland Security officials in Washington felt Bloomberg overreacted? It’s because we the Washington official, the mechanic down the street and the stock broker in New York, etc.) never learn from the past. There are too many groups like the American Civil Liberties Union (ACLU), who rather cite every amendment from the U.S. Constitution than actually protect U.S. citizens. Instead of being thankful for the thousands of uniformed and plainclothes officers patrolling the subway and the Port Authority Bus Terminal, people are left complaining about Bloomberg and company “trying to walk.” The fact that Homeland Security officials in Washington said the threat was of “doubtful credibility” should make us rejoice – not point fingers. Those same finger pointers would have jumped all over New York City officials if a more passive approach was taken.

If we agree on nothing else let’s re-member that we have a once in a blue moon system, but it has happened three things happened every time; the first is that she always had a really disgusted look on her face, then she laughed, and finally she vomited. To see if this was just coincidence I did a little research. I randomly asked a group of girls what their reaction would be if their significant other or crush surprised them in a male thong. Even the women were repulsed by the idea, in fact so much so that I received my fair share of laughter and shock. To see if my reaction was not isolated I asked some of the boys to do the same interview. I was less than surprised by the results.

Besides being incredibly dis-satisfying, male thongs are about as dangerous as being in the middle of all of you can eat but filter all the calories. They are called the “Biggest Loser.” They are not safe. It’s a sad thing because we were finally in a good place. Boxers and boxer briefs were finally in. It was a huge victory. But just like everything else, are comfortable. No longer did we as men have to bare it all. We could cry inside because those darn tighty whiteys were making it hard to breathe. You could breathe comfortably. You see how hipsters walked around for a long time with a little hip in their step? That wasn’t because they were in a hurry; it was because it was the only viable way that they could get around. In fact, the only differ- ence between them and the rest of us is that we hid our discomfort. Now if we don’t get these male thongs off the market, we are going to have to go back to those days. Please do that to us. Women, I look to you for help and guidance, don’t tor- ment us with this. Haven’t we already suffered enough through with Will & Grace and Sex in the City? Stores like Macy’s and Bloomingdales are selling these for $79.99 each. Please boycott. I’ll end this week’s edition of Dan Uncensored and Unleashed with this word of wisdom… “a man with a male thong is as useless as a bottle of Viagra in a monastery.”

Because of the type of off-beat things that happened every time; the first is that she always had a really disgusted look on her face, then she laughed, and finally she vomited. To see if this was just coincidence I did a little research. I randomly asked a group of girls what their reaction would be if their significant other or crush surprised them in a male thong. Even the women were repulsed by the idea, in fact so much so that I received my fair share of laughter and shock. Kmell
Super Senior
The people in general. Ignorance… "a man with a male thong is as useless as a bottle of Viagra in a monastery."
Grant aid, and more and more students have risen without parallel increases in their chance to cut higher-education student aid programs such as student grants and loans. The Budget Reconciliation bill proposes to offset the costs of students, brace yourselves: it’s gonna be the first to finance higher education mostly to state budget cuts. In addition to that tab to our pocket, our wonder that government decided to slash your grant money even though I make about $700 a week for 40 hours a week. That’s 25 and so my father can no longer claim me on his taxes, and regardless of the fact that my GPA improved to nearly perfect over last year. So and when my combination of remaining grants, loans and scholarships didn’t hurt my monthly income or more. There’s still a chance that I’ll be able to fund for the ordinary amount of staggering term bill balances. I have lost it. So, I hope you accept

An anonymous love affair

Dear Anonymous Member of the Monmouth University Community,

Do you remember all those things you learned about love while you were growing up? Or, maybe you can just take a quick look around. When you fall in love, it’s an official, that love is only about looks and money. The truth is, love is about the mind.

I am in love with YOU. My fear was given us money? Anonymous does seem to have character and self-respect (who else would write so explicitly). I think they don’t think you would accept money to be silent. 

Were you around for the only organized protest on this campus in the last ten years? THAT was exciting—all students and loud voices and energy! Energy for principles, with a clear stand against what they believed was an injustice.

I am in love with YOU. My fear was

A continuation of the Plangere argument

Stop the Raid on Student Aid

Perhaps Monmouth’s students do get a little rowdy from time to time, but this ordinance is a clear example of discrimination against both the renters of properties in Ocean and the landlords who rent to them.

Either my grades are so impressive that the government seems to think I’m smart enough to add hours to the day and zeros to my paycheck, or no one cares that financially, I’m struggling to be here.

HOW MUCH DO YOU KNOW ABOUT THE HISTORY OF HALLOWEEN?

Do you claim that Halloween is your favorite holiday, dressing up in the most extensive costumes and engaging in all the fun Halloween activities? How much about the history of the holiday do you really know? How “Halloween smart” are you? Answer the questions below by circling the answer you think is correct, then find out how “Halloween smart” you are by checking your answers at the bottom of the page.

**Question 1**: What is placed on a window ledge or hung by the door to protect the home from the evil Halloween spirits?
- A. A Turnip
- B. A Pumpkin
- C. A Clove of Garlic

**Question 2**: Which British island is the home of the giant ghost dog, Moddy Dhu?
- A. Isle of Man
- B. Isle of White
- C. Isle of Skye

**Question 3**: On which night of the week do witches traditionally hold their meetings?
- A. Wednesday
- B. Friday
- C. Saturday

**Question 4**: If armed with a silver bullet, what mythical creature must you be expecting to meet?
- A. Vampire
- B. Bogey-Man
- C. Werewolf

**Question 5**: According to Bram Stoker, in which English town did Count Dracula arrive by ship, packed in a coffin, filled with his native Transylvanian earth?
- A. Whitby
- B. Fleetwood
- C. Dover

**Question 6**: In which part of the world did Voodoo magic originate?
- A. The Caribbean
- B. West Africa
- C. South America

**Question 7**: In which modern-day country would you find Transylvania?
- A. Bulgaria
- B. Hungary
- C. Romania

**Question 8**: How many films were there in the ‘Poltergeist’ series?
- A. Two
- B. Three
- C. Four

**Question 9**: A copy of which execution device, called ‘The Death Row Shocker’ was installed at Blackpool Pleasure Beach?
- A. Guillotine
- B. Gas Chamber
- C. Electric Chair

**Question 10**: Pilliwinks were an instrument of torture, that squeezed which parts of the body until they were eventually crushed?
- A. Fingers
- B. Toes
- C. Ears

**Question 11**: The Final Conflict was the last film of the series - what was the first?
- A. Carrie
- B. The Omen
- C. The Shining

**Question 12**: Which film company produced the Dracula and Frankenstein films starring Peter Cushing and Christopher Lee?
- A. Lucas Films
- B. Hand Made Films
- C. Hammer

**Question 13**: Which film character was played by Lan Chaney in 1925?
- A. Phantom of the Opera
- B. Baron Frankenstein
- C. Count Dracula

**Question 14**: Michael Myers is the central character of which film series?
- A. Friday the Thirteenth
- B. Halloween
- C. Scream

**Question 15**: How many films were there in the ‘Poltergeist’ series?
- A. Two
- B. Three
- C. Four

**Question 16**: A copy of which execution device, called ‘The Death Row Shocker’ was installed at Blackpool Pleasure Beach?
- A. Guillotine
- B. Gas Chamber
- C. Electric Chair

**Question 17**: Pilliwinks were an instrument of torture, that squeezed which parts of the body until they were eventually crushed?
- A. Fingers
- B. Toes
- C. Ears

**Question 18**: The Final Conflict was the last film of the series - what was the first?
- A. Carrie
- B. The Omen
- C. The Shining

**Question 19**: Which film company produced the Dracula and Frankenstein films starring Peter Cushing and Christopher Lee?
- A. Lucas Films
- B. Hand Made Films
- C. Hammer

**Question 20**: Which film character was played by Lan Chaney in 1925?
- A. Phantom of the Opera
- B. Baron Frankenstein
- C. Count Dracula

**Question 21**: Michael Myers is the central character of which film series?
- A. Friday the Thirteenth
- B. Halloween
- C. Scream

How much do you know about the history of Halloween?

Do you claim that Halloween is your favorite holiday, dressing up in the most extensive costumes and engaging in all the fun Halloween activities? How much about the history of the holiday do you really know? How “Halloween smart” are you? Answer the questions below by circling the answer you think is correct, then find out how “Halloween smart” you are by checking your answers at the bottom of the page.
The Nature of Anger

Anger is an "emotional state that varies in intensity from mild irritation to intense fury and rage," according to psychologist who specializes in the study of anger. Like other emotions, it is now accompanied by physiological and biological changes when you get angry, your heart rate and blood pressure go up, and your body releases stress hormones, adrenaline, and noradrenaline.

Anxiety can be caused by both external and internal events. You could be anxious at a specific person (such as a coworker or supervisor) or event (a traffic jam, a canceled flight), or your anger could stem from worrying or brooding about your personal problems. Memories of traumatic events can also trigger anxiety feelings.

Love and marriage

Marriage. It used to be one of the most sacred things you could do for yourself. If you were a woman several decades ago, marriage was the only goal in life that you had. Have you ever had a choice as to when and if you got married? Everyone continued to do it no matter if they considered an amazing feat when you did because you must have found that "one" for yourself. And no one got divorced.

Today, marriage no longer seems to be considered a sacred thing. People can get married and divorced almost within the same 24 hours. I'm 21 years old and I know four or five girls who are engaged to be married. If you were considered a family. And if you are in a situation such as a highly damaging area on the superferry, being caught in traffic and the like. If you are in a situation such as an incredibly long line at the supermarket, being caught in traffic for over an hour, and you feel the anger building up in you simply follow these tips. Try to breathe in and out slowly, and remember it is better to let the anger out then keep it bottled inside.

If the symptoms above sound familiar, do not worry, there are several solutions that you can use in order to assist you with your bad anger. If you are in a situation such as a highly damaging area on the superferry, being caught in traffic for over an hour, and you feel the anger building up in you simply follow these tips. Try to breathe in and out slowly, and remember it is better to let the anger out then keep it bottled inside.
The next few days were filled with conversations with new people at every turn and the excitement of trying to remember their names. A bond was beginning to form as we tried to help each other remember names and faces together. A few other Monmouth students were also on the 3rd floor and there were many others there from all different schools. My roommate arrived and we quickly became friends. I was no longer alone. My bedroom, although nothing like the room I left behind in NJ, was starting to feel like home and these once foreign faces were becoming my friends. It began to feel as if we had known each other for years, and then a realization entered my mind. We had only arrived in London a few days ago!

Now, as I write this, we have been in London for slightly over a month. I cannot believe it has been so long, yet at the same time, I feel like we have been here all our lives. We laughed at the times that once seemed confusing and so complicated – things like crossing the street or trying to figure out this complicated train system known as the “tube.” What was that street we were told to go to again? Baker Street? Where are the street signs? I have no idea where I am... Now, it is hard to even imagine getting lost trying to find Baker Street, and the streets and tube system seem too simple to have ever confused anyone, one. We think back to the “days” we first met and remember the beginnings of our individual friendships. Then, we remember that those “days” were not really that long ago.

When I first arrived in London, I never would have imagined that the anxiety I felt could disappear, but it has. And in its place has come a feeling that I cannot yet fully describe or even comprehend. I used to think I was an independent person, but I didn’t truly know independence before coming here. I often think back to the testimonials that I heard and over before I departed for London – the ones that contained stories of what a remarkable experience London was. I realize now that the only way to understand that feeling is to experience it first hand. Only one month ago, I referred to my remaining time in London as “another” three and a half months. Today, I wish time would slow down because we “only” have two and a half months left.

I can’t recall exactly when I understood why another one could go to a foreign place where they knew no one, but I do know it wasn’t long after I arrived in London. The fear of the unfamiliar only lasts a short time when you finally face it, but the experience you will gain from a new experience will last a lifetime. Even more, I am reminded why every day – because it is the most exciting, fulfilling experience that exists. The anxiety I used to feel is simply fear – fear that I would not fit in... fear that I did not deserve such an experience... fear that I would feel alone and scared. Well, you know what, there have been times when I felt as if I didn’t fit in and I have felt alone and scared on more than one occasion. Regardless, I survived to live another day and the fear doesn’t hold me back as it once did. Everyone else was right. Choosing to come to London was one of the best decisions that I could have ever made.”

Warwick Castle is over a thousand years old and has been well maintained with magnificent towers and ramparts. The splendid grounds are an ideal venue for a picnic. There are many attractions at Warwick Castle from dungeons to the Great Hall, State Rooms and the Royal Weekend Party of 1789. Visitors can climb some of the towers and visit the well laid out exhibitions..

There are certain things boy band members should NOT do. Most importantly, don’t go solo! Being a member of an incredibly successful pop group just wasn’t enough for Justin Timberlake, Nick Carter or JC Chasez. They had to take on the music world, but the Backstreet Boys have sold a gold record and the album really stuck with what made them famous in the first place, catchy pop ballads that N’Sync was known for. The greatest problem was the lack of publicity. You would expect a man with his own television show to promote his own album; however, that was not the case. The combination of poor written tracks and no publicity caused this album and Nick Lachey heartache. The track, “On and On,” is the general feeling people get when they listen to this album, it just goes on and on. His vocals is appealing to the ear, however, when the voice is singing about absolutely nothing of relevance or appeal, there is only so much you can take. This album certainly was more than I could take.

Justin Timberlake’s album, Justified, truly justified his solo career. Justin Timberlake took all the right steps to capitalize on his own band background and push his sales over the top. With successful catchy tracks such as, “Senator,” “Like I Love You” and “Cry Me A River,” no one can deny he deserves all the fame he has. The rest of the album is as catchy and well written as the singles he released. The catchiest track on the album, by far, is “Senator,” where he makes jokes about saying goodnight to the men and good morning to the women. Apparently JC wasn’t the only N’Sync member who has sex on the brain. “Cry Me A River” exemplifies the pop ballads that N’Sync was known for. The ballad is supposedly written about his horrible breakup with Britney Spears. There is no way to deny this album its success in the pop music world, the platinum status proves that. However, if you are not into the pop-dance scene, you may not appreciate this album very much. The album really stuck with what made him famous in the first place, catchy pop tunes and heartfelt ballads. He earned his success as a solo artist.

Nick Lachey’s solo album, SoulO, is as bad as the title! With only one well written and recorded track, “This I Swear,” the album was bound to be a flop. His vocals sound wonderful, but nothing could even begin to make up for the horribly written lyrics. His first attempt at an album of more than one single was not only a horrible song lyrically, the vocals weren’t as great as some of the other tracks on the album. He was planning on following up the success of his television show with a successful album, however, the album bombed. The biggest problem, however, was not the weak lyrics. The greatest problem was the lack of publicity. You would expect a man with his own television show to promote his own album; however, that was not the case. The combination of poor written tracks and no publicity caused this album and Nick Lachey heartache. The track, “On and On,” is the general feeling people get when they listen to this album, it just goes on and on. His vocals is appealing to the ear, however, when the voice is singing about absolutely nothing of relevance or appeal, there is only so much you can take. This album certainly was more than I could take.

The album really stuck with what made him famous in the first place, catchy pop tunes and heartfelt ballads. He earned his success as a solo artist.

Boy bands: The good, the bad and the SoulO

There are certain things boy band members should NOT do. Most importantly, don’t go solo! Being a member of an incredibly successful pop group just wasn’t enough for Justin Timberlake, Nick Carter or JC Chasez. They had to take on the music world alone. Some of them succeeded while others fell flat on their face.

Nick Carter’s album, Now or Never, is exactly what you would expect from a Backstreet Boy gone solo. The lyrics on the album show Nick Carter can actually write and the vocals demonstrate his voice makes a harmony. His first single, “Help Me,” was probably one of the weakest tracks lyrically on the album but the catchiness to the public. His next single, “I Got You,” was less than appealing because of the somewhat shaky vocals, however the lyrics are deeper than expected with pop tunes. The most appealing ballad, “Heart Without A Home,” would have helped boost this album to platinum status had it been released. Now or Never is a gold album which is generally a success in the music world; however, compared to the millions of albums the Backstreet Boys have sold, a gold record is something less than expected. The two greatest problems with Now or Never are poor choice of singles and Carter negated the use of dance tracks which was a popular practice of the Backstreet Boys. Instead, he used pop/rock tracks. Overall, the album has fantastically written lyrics with less than fantastic vocals.

The Lyric Lounge

Justin Timberlake

Justin Timberlake co-headlined the Justified/Stripped tour with Christina Aguilera last year and seems to be enjoying every moment of his success.

“He’s a star,” Nick Carter, refuses to resign the group that made him famous for a new record. The Backstreet Boys released a new album entitled Never Gone this past June which was a success for the group, but has already gone platinum and sold over two million copies worldwide.
Desperate, axe slinger, guitar hero, and rock god. In the modern era of rock n’ roll no artist has singlehandedly commanded the outlaw persona better than Jack White. Exploring open tunings, reviving the blues, performing with Bob Dylan and captivating a generation of rock fans who will forever be searching for their new heroes, the White Stripes have solidified themselves in blowing winds of rock n’ roll.

Get Behind me Satan is the follow-up to the critically acclaimed 2003 re-release of Elephant. Trying to top a flawlessly produced masterpiece is no easy task, but for The White Stripes, the new record is a refreshing of a career stretching close to six years and a force forward into a realm of rock dominance. Though guitar driven music can be clearly prevalent, Satan offers a blend of piano driven classics as well as Ca-hyno inspired vocals (of “My Doorbell,” through the hook of “Forever for her (it’s over for me),” hip-shakin’ with “Little Ghost,” and culminating with “Red Rain,” the record is a seamless follow-up to their now sleeping giant. Rita Hayworth, 40s silver screen queen, fans who were not tantalized by Jack’s lyrics on “Take, Take, Take,” and “White Moon.”

In the years to come, artists will come and go, but for Jack White, his career has given him a one way ticket to the house of blues, and his throne will be at the right hand of Jimmy Page, Muddy Waters, Skip James, Buddy Guy, Jimi Hendrix, and Son House.

London is bustling and American blues has engulfed the mainland. The streets of the ancient relic are thriving on a decade of artistic explosion. The Beatles have conquered the world and have elevated psychedelic to a cultural necessity. The summer of 1968 marked the age of kings and the battle for the throne of Camelot is growing increasingly fierce. Feeling the pressure of a constant barrage from the best musicians the world has ever seen, stood an English triu

Nirvana’s new release is a Sliver of heaven for fans.

RUSSELL J. CARSTENS 216-962-6859

“Milk It” was a Nirvana song, but now it seems like the phrase is being taken a bit too seriously by the management of the legendary 1990’s Seattle band. On November 1, a new record titled Sliver - The Best of the Box (named after a Nirvana song) will be released. It is a best of compilation of last November’s box set, With The Lights Out, an album anticipated for nearly 5 years. Sliver will feature three “unreleased” tracks, merely demo versions of songs that have already seen the light of day in other forms. They include “Garden,” the first Nirvana song, off 1985’s Fecal Matter home demo, the holy grail of all Nirvana recordings according to fans. There is also a January 1990 studio demo of “Sappy,” as well as “Come On.” Other demos to be used in the box will be Sliver’s “Heartbreaker” and the demo given to Nevermind producer Butch Vig). This comes as a seamless follow-up to their now sleeping giant. Rita Hayworth, 40s silver screen queen, fans who were not tantalized by Jack’s lyrics on “Take, Take, Take,” and “White Moon.”

In the years to come, artists will come and go, but for Jack White, his career has given him a one way ticket to the house of blues, and his throne will be at the right hand of Jimmy Page, Muddy Waters, Skip James, Buddy Guy, Jimi Hendrix, and Son House.

London is bustling and American blues has engulfed the mainland. The streets of the ancient relic are thriving on a decade of artistic explosion. The Beatles have conquered the world and have elevated psychedelic to a cultural necessity. The summer of 1968 marked the age of kings and the battle for the throne of Camelot is growing increasingly fierce. Feeling the pressure of a constant barrage from the best musicians the world has ever seen, stood an English trio with

ins arm distance of the crown. Their name was Cream.

Cream Wheels of Fire Polygram Records © 1968

Wheels of Fire is Eric Clapton, Jack Bruce, and Ginger Baker’s follow up to the cosmic brew which was Dis-nacil Gears. Cream redefined the way blues was being written and heard in London as well as the states; with a mixture of pop, experimentation, and tradition. Though Cream was never hailed for their song writing, their musicianship was impeccable. “White Room” ignites the flames as the inferno steamrolls straight through a reworking of the Chester Burnett number, “Sittin’ On Top of the World.” The middle section drags with only a brief highlight of “Poli-tician,” as Jack Bruce sings, “Hey now baby, get into my big black car.” Wheels of Fire finishes gracefully with a Booker T. cover of “Born Un-der A Bad Sign.”

Though Eric Clapton left the songwriting to bassist Jack Bruce for the 1968 release, his guitar work had matured into a onslaught of down dirty licks and full figured solos. Clapton became almost a mythic figure across the English countryside. While walking down the streets of London, “Clapton is God” would grace the brick walls of the city. This uprising of praise was a result of a second pressing of tracks included with the Wheels of Fire recording. Four live numbers divinely placed on a second disc that featured Eric Clapton and Jack Bruce absolutely solidifying themselves as the premier traditional blues act of the 1960s. Live cuts included Robert Johnson’s “Crossroads,” and Willie Dixon’s “Spoonful.”

Cream only remained a project for two and a half years before personal differences split them apart. The platform that was left vacant by their de-parture was humbly succeeded by an old friend of Clapton’s; an ex-Vand-ered by the name of Jimmy Page and his new brainchild, Led Zeppelin.

Nirvana fans will be thrilled with this new compilation, but long for more.
The Statewide Emergency Food and Anti-Hunger Network (SEFAN) has launched a web site to help address the growing problem of hunger in New Jersey. By logging onto www.sefan.org and clicking onto “Pantry Link” you can find out about local food pantries, soup kitchens and shelters that serve meals in your community. The web site lists volunteer opportunities as well as items needed such as non-perishable food and baby products. By helping your local emergency food provider, you will be helping to fight hunger in your community and in New Jersey. So log onto www.sefan.org and click on “Pantry Link” today!

great job opportunity to learn and grow!
Gain exposure to the exciting field of management consulting with a well known company that has over 20 years of experience with the chance to earn school credit. Yohalem & Associates Ltd. is a management consulting firm with experienced professionals who create business solutions to complex issues and challenges with, and for its clients. This is a great opportunity to gain experience working alongside a team as well as with the President of the company, while at the same time gaining exposure to many different types of companies and industries. The office is located 20 minutes from campus. If interested, email your resume to Kathy@kcyltd.com. Freshman and sophomores preferred. For additional information about the company, you can visit http://www.kcyltd.com.
Today's Birthday (Oct. 12th)

You're exceptionally charming this year, and you have many admirers. The one you should choose to be with is thoughtful, with a good sense of humor.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries • (Mar. 21 - Apr. 19) - Today is an 8

Don't take off on your own quite yet. There's still safety in numbers. There's also less work and more fun.

Taurus • (Apr. 20 - May 20) - Today is a 5

The problem with having everyone know what a good job you're doing is that more work comes in. Set your own pace.

Gemini • (May 21 - June 21) - Today is a 9

You are in a very enviable position. Conditions are in your favor. Full speed ahead!

Cancer • (June 22 - July 22) - Today is a 4

Shopping for decorative household items is highly recommended. You'll have a keen sense of color, and a shrewd eye for a bargain.

Leo • (July 23 - Aug. 22) - Today is a 8

A way around the problem can be found, but not by you. Consult a person who sees it from a different point of view.

Virgo • (Aug 23 - Sept. 22) - Today is a 5

Once you get the technical aspects under control, the rest is easy. Meanwhile, keep working the bugs out.

Libra • (Sept. 23 - Oct. 23) - Today is a 9

You're highly admired, perhaps even more so than you realize. Accept the applause. You earned it.

Scorpio • (Oct. 23 - Nov. 21) - Today is a 3

A little extra effort, in the privacy of your own home, and you'll create a treasure you can hand down for generations.

Sagittarius • (Nov. 22 - Dec. 21) Today is an 8

Every once in a while you have a blinding insight, wherein you see the problem as very easily solved. That could happen now.

Capricorn • (Dec. 22 - Jan. 19) - Today is a 4

You don't have to do more work, or harder work, to prosper. Just make sure your customer is happy and satisfied.

Aquarius • (Jan. 20 - Feb. 18) Today is a 9

Go ahead and launch your new endeavor, whatever it is. Might as well try something interesting; odds now favor success.

Pisces • (Feb. 19 - Mar. 20) Today is a 4

You have talent and other resources you haven't even tapped, yet. Continue to add to your savings account by using your imagination.

When asked what her projection for next year was all Alyson could say was, “More work sites and nicer weather.” She was very pleased with the turn out for volunteers and even more pleased that the entire SGA was able to pull everything together with such a close deadline. Senators were each in charge of a work site and were responsible for contacting the work site prior to the event as well as contacting their group of volunteers.

Matt Zorner, a member of the Polysci club, participated at this year’s event and in 2004. When asked what he thought about the event as a whole he stated, “We care about the surrounding community because they care about us. It’s nice to give back. This event keeps growing and that gives Monmouth momentum towards the future.”

Historian and Campus and Safety Chair, Jamie Szegla was pleased to see that the event went well. “Despite the rain, I thought we had a great turnout. My main concern was that no one was going to show up, but I was pleased with how many volunteers still came. I felt that it went very smoothly, even though we had to make some changes due to worksites canceling. Once the event started, everything fell into place and it was the most successful one I have seen.”

**Millions available for study abroad scholarships**

**PRESS RELEASE**

Laureate International Universities has partnered with the Hispanic Association of Colleges and Universities (HACU) to award more than $8 million in tuition scholarships for Latinos and other students to study abroad throughout Europe and Latin America.

Created to address some of the barriers preventing students, particularly Latinos, from studying abroad - lack of financial resources and access to program information, this program will provide more than 400 U.S. and Puerto Rico member schools the opportunity to study abroad at one of Laureate’s 15 universities.

“This is the fourth big event that I have been involved with and I thought it was the most organized one I have seen. Even though the weather didn’t cooperate, only five worksites cancelled. I like it better in the fall. It helps us boost community relations early in the year and reach out to the surrounding neighborhoods.”

Volunteers were assigned a bus and went to various worksites around the area, even as far as Red Bank and Atlantic Highlnds. Despite the rain, sites were still scheduled outdoors. Some jobs included a beach clean-up, landscape work, painting, taking out trash and cleaning windows. Other students helped out at the SPCA, Boys and Girls Club, Planned Parenthood, Stella Maris and elementary schools.

“These are the people that might not be in our community. We know we want to give back to the surrounding community, but we don’t know how to do it. This is a unique opportunity for the students of our member institutions to attend a leading university abroad and serve as champions of Hispanic success in higher education.”

Each Laureate institution brings to the network an established reputation for educational and academic excellence, sensitivity to local culture and tradition, and a dedication to delivering the highest quality education with an international perspective. Students who are accepted into the HACU-Laureate International Scholarship Program will have the opportunity to spend up to one full year at schools in Spain, Mexico, Ecuador, France, Chile, Honduras, Switzerland, Costa Rica, Panama or Peru.

**Attention Students:**

As a member of Monmouth University, you are entitled to 30% off all services at Monmouth County’s hottest salon. Please mention that you are a Monmouth student when you call and bring your student ID card at the time of your appointment.

(New Stylists Only)
Clinical depression is a very common, often undiagnosed illness that can be treated. It affects the way you think, feel and behave and will gradually change your life if it remains untreated. Depression is easily diagnosed, and treatment can include medication, counseling, or a combination of the two. More than 19 million Americans are affected by depression each year. On campus, 10% of college students have been diagnosed with depression, including 13% of college women. The National Institute of Mental Health (2005) also reports that more than 30% of college freshmen report feeling overwhelmed.

Why do college students get depressed? A number of different factors can lead to depression. While college offers many new experiences and challenges, it is for these very same reasons that it can be stressful and frustrating. Students are being pulled in different directions due to academic, social, emotional and career concerns. Often, during times of stress and change such as the college years, normal coping mechanisms can break down and signs of depression or other mood disorders may appear. College students confront greater academic demands, changes in family and social relationships, financial concerns, exposure to new people and ideas, high-risk situations, and living independently in a new environment, leaving them more vulnerable to mental health concerns. Furthermore, those who experience low self-esteem, deal poorly with stress or view the world negatively may be more prone to depression, as are people who have factors that predispose them such as genetics, hormonal imbalances or serious physical problems.

Often, people don’t realize that they are suffering from depression, therefore being able to identify some typical symptoms is useful.

Symptoms of depression in students include:
- Feelings of sadness or a sense of emptiness
- Increased anxiety
- Decreased energy, fatigue, and feeling “slowed down”
- Loss of interest and pleasure in usual activities
- Sleep disturbances such as insomnia, oversleeping or waking earlier than usual
- Changes in appetite and in weight
- Increased use of alcohol and drugs
- Feelings of hopelessness, helplessness, guilt and worthlessness
- Thoughts of death or suicide
- Suicide attempts
- Difficulty concentrating and in making decisions
- Changes in academic performance
- Changes in memory
- Irritability or unexplained anger
- Excessive crying
- Aches and pains not explained by another physical condition

Asking for help also presents unique problems. Although self-help is useful, sometimes it just isn’t enough. If speaking with friends or family, changing any unhealthy habits you may have, and self-help literature don’t work, you may need to speak with a professional. Don’t wait to feel “out of control” before you seek help.

Use these guidelines to determine if it makes sense for you to talk to a counselor:
- Your “mood” worsens and becomes more severe.
- You feel alone, separate and different from others, including family and friends.
- You’re having difficulty with alcohol or other substances, in cluding food.
- You practice unsafe sex.
- You drive recklessly.
- You have been vandalizing or stealing other people’s property.
- You have begun to have self-destructive thoughts or to engage in self-destructive behaviors.
- You are thinking about suicide.

If you’re experiencing any of the above symptoms, speak to a counselor. On campus, you can schedule an appointment for counseling by calling Counseling and Psychological Services at 732-571-7317. There is also ample self-help literature available.
New residence hall

The need for on-campus housing increased this year when the university’s lease with the Esplanade Hotel expired in May 2005. One hundred and ninety six students were housed at the hotel and 50 of those students had to utilize a shuttle bus to commute to and from campus for their meal plans, classes, and campus events or meetings.

According to the Atlanticville newspaper published February 20, 2004, the new residence hall will be shaped as an “L” with its ends extending south to Cedar Avenue and west to Pinewood Avenue. William Fitzgerald, a Professional Engineer hired by Monmouth University, told the township’s Zoning Board of Adjustment at a special meeting held February 5, 2004. In response to the neighbors’ concerns, the university altered the original plans to help the building fit more into the surrounding area.

“The roof slopes at the third floor to both minimize the building height and reflect the look of some of the two-story homes in the area. We located the building entrance as close to the campus and as far away from the neighbors as we possibly could,” Robert Cornero, Associate Vice President of Campus Planning and Construction at Monmouth, said. “The building’s shape minimizes the amount of rooms closest to our neighbors. We added some landscaping and sidewalks to the plan at the request of some of the residents.”

The new building will be three-stories tall, housing a total of 196 freshmen students in mainly double rooms. Six tennis courts, a 20-space parking lot, and a larger retention basin will be built on the former Kilkare Farm site.

Once the resolution is read in the Borough and published in local newspapers, a 45-day appeals process begins. If appealed, construction cannot begin until the appeal is heard.

Orthodox Christian Fellowship

Beginning his 22nd year as Greek Orthodox Chaplain at Monmouth University, Archimandrite Father Ephraem extends his personal blessing to all Eastern Orthodox students, faculty, and staff for a prolific scholastic year and hopes all will be active in the Orthodox Christian Fellowship. Father is available at any time to minister to the spiritual needs of all Orthodox Christians on a 24-hour basis, for prayer, confession, or just someone to talk to.

Father Ephraem can be found on campus, or he can be reached by calling: 732-671-5932

MU to host 38th annual fall conference of the Metropolitan Association of College and University Biologists

PRESS RELEASE

Monmouth University will host the 38th Annual Metropolitan Association of College and University Biologists (MACUB) fall conference. MACUB is an organization of approximately 500 members comprised of biology faculty and students representing 60 institutions in New York, New Jersey, Connecticut and Pennsylvania. The conference will feature distinguished speakers including Dr. Rita Colwell, former director of the National Science Foundation, as well as lectures, faculty workshops, student poster presentations, and student forums.

Saturday, October 29, 2005:
8:15-9:15 a.m. Registration/Breakfast Exhibitors, Anacon Foyer and Cafeteria
9:30-9:45 a.m. Welcome & Opening Remarks in Pollak Theatre
9:45-10:45 a.m. Keynote Address, Pollak Theatre: "Climate, Infectious Disease, and Human Health: The Cholera Paradigm," presented by Dr. Rita Colwell, Distinguished University Professor, University of Maryland at College Park, Johns Hopkins University Bloomberg School of Public Health.
11:00-12:00 p.m. Exhibitor Displays, Poster Presentations, Anacon Cafeteria
12:00-1:15 p.m. Luncheon and Business Meeting, Anacon Hall
Breakout Sessions
9:45-10:45 a.m. Student Forum: "Job Hunting in the Sciences," Kelly Scientific Resources, Edison Hall, E-113
Bioinformatics Workshop: Dr. Peter Cooper, National Center for Biotechnology Information (limited to 50 participants), Edison Hall Computer Lab
Bus Trip to Sandy Hook: Free time, planned lighthouse tour, and beach walk planned (limited to 50 people; will return approximately 4:30 p.m.)
Guided Tour of Historic Wilson Hall
Don Dorfman, Fossil Shark Tooth Hunting in Ramapo-Essex Brook (limited to 12 people; must provide their own transportation; short, light hike involved, old clothes recommended - plan on getting wet)
Member Workshops
Bio-Rad Workshop, Edison Hall, E-214
Registration is available on-line at www.macub.org.

Counseling and Psychological Services

September

October

- Thursday, 10/6 10:30 AM-4:30 PM. National Depression Screening Day. Free screenings, videos and literature on depression and related mood disorders. Stafford Student Center 202A.
- Wednesday, 10/26 1:30-3:00 PM. Signs of Suicide. A program about suicide awareness and prevention presented by Elliot Katz, Monmouth County Coordinator of the Traumatic Loss Coalition for Youth of the New Jersey Division of Mental Health Services. Stafford Student Center, Anacon A.

November

- Wednesday, 11/9 7:30-9:30 PM. Program A Few Good Men. This "for men only" presentation is a proactive approach against violence among men and towards women. The program presenter is Lenny Marano, LCSW, DVS, Coordinator and Clinical Evaluator of the Domestic Violence Assessment Center of Sussex County. Wilson Auditorium.

December

- Wednesday, 12/7 1:00-4:00 PM. De-Stress Fest. Relax and join us for some fun before you head up for finals. Food, games, prizes and massage. Stafford Student Center, Anacon A.

Boland to Austin aerial show leads Hawks to 45-14 win over Sacred Heart

Junior QB throws 5 TDs, 4 to senior WR, in rout to stay atop NEC

EDDY OCCHIPINTI SPORTS EDITOR

After falling behind 7-0 to Sacred Heart, the Monmouth Hawks needed less than three minutes to firmly gain control of a game that was never in doubt as they coasted to a 45-14 win in Northeast Conference action.

Sacred Heart took a 7-0 lead on a 77-yard touchdown run by senior running back Ed Pricolo with 9:11 to play in the first quarter. After the Pioneer score, Monmouth scored the first of its five straight points as junior quarterback Brian Boland found Miles Austin on a 20-yard touchdown pass.

The duo would connect three more times on the afternoon in scoring strikes of five, 39 and 38 yards as Austin enjoyed the finest receiving day in Monmouth history. He had 10 catches for 235 yards and three touchdowns in the first half alone.

Boland threw for 288 yards and five touchdowns in the game. After Austin’s third first half touchdown, Sacred Heart airmailed a long snap on a punt, leading to a Hawks’ safety. Then, a 38-yard and 23-yard Weingart field goal after the free kick possession gave Monmouth a 26-7 lead at halftime.

Sacred Heart received the opening kickoff in the second half, but Pioneer quarterback Tyler Arciaga, a UNLV transfer, was intercepted by Mike Castellano on the first play, giving the Hawks the ball in great field position.

Two plays later Boland and Austin completed their record day with their fourth and final scoring toss and catch. Another bad snap on a punt for the Pioneers resulted in another Monmouth safety, tying an NCAA I-AA record for safeties in a season. The Hawks have recorded five two-pointers in the first five games of the year.

Weingart set a pair of school records in the game as he has made 23 consecutive extra points, the longest string during the course of a season, and the longest string to start a career. For their efforts in the game, Austin, Weingart and Boland were honored by the NEC. Austin was named the Offensive Player of the Week in the conference in his first year at Monmouth, and so far in his second is even more dominating in the middle of the Hawks defense. Against Sacred Heart, he had six tackles, an interception and a fumble recovery to fuel a defense that allowed only 123 total yards.

PHOTO BY Jim Reme

Miles Austin is enjoying one of the finest seasons in all of Division I-AA football. The senior leads all NCAA Division I-AA players with 167.2 receiving yards per game, 836 yards in five contests. Austin also ranks in the top five among I-AA players in scoring (12.0 points per game), receptions (7.8 per game) and all-purpose yards (187.8 yards per game).

Hawk Notes

Austin was honored as the National I-AA Offensive Player of the Week by The Sports Network, one of the division’s most widely recognized sports information services... Austin’s honor marks the first time a Monmouth University player has ever earned a weekly award for the entire I-AA level from The Sports Network... Last season, the Hawks earned The Sports Network Cup, honoring the I- AA “Mid-Major” National Champion...The Hawks defense, which was torched for 419 yards and 54 points in the first game of the year against Lehigh, has since allowed an average of just under 16 points and 288 yards per game while forcing nine turnovers...Wagner comes into Kessler with a potent offense of their own, scoring 30 points and gaining 425 yards per game... The Seahawks backfield consists of two Division I- A transfer standouts in quarterback John Sciarra from UCLA and tailback Marcus Wilson Notre Dame... Both of their former teams are consensus top 15 teams in the country, with UCLA sporting a 5-0 record and the Irish standing at 4-1...Wagner WR Chris Turner is widely regarded as the second best wideout in the NEC behind Austin... He was 37 catches for 573 yards and five touchdowns on the year...Wagner placekicker Pieter Czech is a two-time NEC Special Teams Player of the Week selection so far in the 2005 season... Monmouth leads the all-time series against Wagner 7-5, but is only 3-3 at Kessler.

Hawks Take Title at Monmouth Invitational

Schau, Alexander lead the way for the Blue and White

ALEXANDER TRUNCALE
SPORTS STAFF WRITER

The Monmouth University men’s and women’s cross-country teams each took first place in their respective fields at this weekend’s Monmouth Invitational, held at Holmdel Park. About 100 runners from 30 different schools competed in the men’s event and nine schools competed in the women’s event.

The men’s team, led by junior Larry Schau, swept the top five spots and cruised to victory in the rain. Schau ran the hilly five mile course in a time of 28:45, good enough for first place. Sophomore Dustin Coleman and fellow classmate Randy Hadzor finished second and third, respectively. Finishing just behind them was sophomore Matt Pirela who finished 12th place, clocking in at 29:52. Other Hawks finishing were freshman Melissa Der and junior Malia Lyles with a time of 21:52. Other Hawks finishing were freshman Melissa Der and junior Malia Lyles with a time of 21:52.

“After the first 800 meters, Katrina was alone in front, and by mid-race, Malia was also comfortably in second,” said Compagni. “They have been very tough and focused this fall, and our freshmen did a nice job behind them as well.”

Freshmen Jessica Jones took fifth place with a time of 20:58, while fellow classmate Nadia Pirela claimed 12th place, clocking in at 21:52. Other Hawks finishing were freshman Melissa Vientos, who took 10th overall, junior Asha Arnett, competing in her first cross country meet ever, who finished 31st and sophomore Lindsey Burnett and Felicia Phifer who finished 36th and 38th respectively. Monmouth finished with 23 points, 26 points ahead of second place finisher Delaware State (49) and 32 points ahead of Temple (52).

Next week, the Hawks cross-country teams will compete in the Lafayette Invitational, to be held on Oct. 15.

Field hockey unsuccessful in bid for consecutive wins

Hawks drop 3-0 decision to Lock Haven.

PRESS RELEASE

Monmouth University dropped a 3-0 decision to Lock Haven University in Northeast Conference field hockey action Sunday afternoon at the MU Field Hockey Complex in West Long Branch, New Jersey.

Lock Haven (8-4, 3-1 NEC) broke the scoring seal in the 20th minute of play as the Eagles capitalized on a penalty corner, and junior Jennifer Churetta fed Courtney Houd from the stick-top and netward blast, where and unmarked Sarah Huber redirected the ball into the cage, staking Lock Haven to a 1-0 lead heading into the intermission.

In the second half, Nikki Sweger snuffed out any Monmouth comeback hopes as she logged a pair of goals in the final 10 minutes of action. Sweger found the cage on an unassisted shot with 8:55 showing on the clock and just over seven minutes later she took a pass from Samantha Stoyer and registered an insurance goal with the clock just shy of two minutes.

Monmouth (3-11, 2-3 NEC) made furious charges towards the Eagles’ goal throughout the game, but a smothering Lock Haven defense held the Hawks to just one shot on goal and LHU owned a 13-1 advantage in shots for the game.

Carrie Colbert made five saves for the Hawks in the losing effort. Lock Haven’s Becca Verkes pitched a shutout in goal for the Eagles, making a save on MU’s only shot of the game.

Monmouth returns today as the Hawks travel to Philadelphia, Pa., for a night contest at the University of Pennsylvania. After the Penn game, the Hawks resume their NEC schedule as they take on rival Rider on Friday at the MU Field Hockey Complex.

Monmouth is currently 2-3 in the conference tournament, and Monmouth is 2.5 games behind Sacred Heart for that fourth and final playoff spot.

Outlook’s Weekly NFL Picks - Week 6

Alex (2-6 Last Wk) (12-12 Overall)

Sports Editor Eddy Occhipinti contributed to this report.
Men’s soccer earns 2-2 draw at No. 6 Virginia

Hawks’ high-profile match with ends in double overtime tie

PRESS RELEASE

The Monmouth University men’s soccer team battled to a 2-2 double overtime draw with No. 6-ranked University of Virginia on Wednesday evening at John B. Stuary in the Hawks’ final non-conference match of the season.

The game with the nation’s top-ranked team was the second against a na- tionally ranked program this season for Monmouth, and also marks the highest ranked opponent in Monmouth soccer history. Monmouth enters the overall record at 3-3-4, and the Hawks are still in the mix for a top four finish in the Big East, which would put the Hawks in the NCAA Tournament Qua- lifiers for the first time in the program’s history.

The Hawk’s senior Maureen Masto got the just 54 seconds after the break, for the team lead. It was a busy day in goal for the Blue and White, which dropped at 3-1 decision to then #11 VCU in Richmond.

The Outlook Staff Writer

“We played even with the number-six team in the country in a tough venue. I am extremely proud of the way the team played and handled themselves.”

ROB MCCOURT
Head Coach

Barlow. Barlow’s shot from six yards out deflected off Monmouth senior goalkeeper Art Satterwhite (Somerset, N.J./Franklin) for the equalizer. UVA took the 2-1 edge 6:16 later.

but neither team was able to capi- talize in the 2-2 draw. UVA, which advanced to the NCAA Tournament Qualifiers in 2004 and defeated No. 2-ranked North Carolina on Saturday, 2-0, had a chance to extend their lead in the match, forcing Satterwhite to a career high. Junior Ryan Burke made three saves in the net, but none turned into goals for the Cava- liers. “Our guys played extremely well tonight,” commented head coach Rob Mc- Court. “We played even with the num- ber-six team in the country in a tough venue. I am extremely proud of the way the team played and handled themselves.”

“Women’s Soccer

Hawks handle Mount behind five different goal scorers

CRAG D’AMICO
SPORTS STAFF WRITER

The Monmouth Hawks women’s soccer team defeated Mount St. Mary’s on Sunday by an amazing 18-1 margin.

Coming off of a heartbreaking 1-0 loss on the road at St. Francis PA last week, the Hawks began a string of three straight impor- tant conference home matches, and they got started off in grand fashion. Five different Hawks scored the five goals, an overall team effort.

The Hawks first struck just past 11 minutes into the match as sen- ior Tara Froehlich took the sec- ond corner kick of the match and set up sophomore Brittany Keller who beat the goalie with for an early 1-0 lead.

On their fourth corner kick op- portunity, a shot from fresh- man Joni DeMour for her first career goal. It was Froehlich’s second of the game and fifth of the season, which ties her for the season lead.

The Hawks would take the 2-0 lead into the halftime break, and just 54 seconds after the break, senior Maureen Masto got the ball at midfield and then scored from eight yards away for her fourth goal of the season and 13th career.

Sophomore Amy Hoyler got her first goal of 2005 in the 81st min- ute on a shot from twelve yards away that deflected off a Mount defender and into the net. Final- ly, in the 88th minute the Hawks closed their scoring for the day as junior Kate Sands and Tobi Hartwyk, and his header found the near post, for his first goal of the season.

The Hawks first struck just past 11 minutes into the match as sen- ior Tara Froehlich took the sec- ond corner kick of the match and set up sophomore Brittany Keller who beat the goalie with for an early 1-0 lead.

On their fourth corner kick op- portunity, a shot from fresh- man Joni DeMour for her first career goal. It was Froehlich’s second of the game and fifth of the season, which ties her for the season lead.

The Hawks would take the 2-0 lead into the halftime break, and just 54 seconds after the break, senior Maureen Masto got the ball at midfield and then scored from eight yards away for her fourth goal of the season and 13th career.

Sophomore Amy Hoyler got her first goal of 2005 in the 81st min- ute on a shot from twelve yards away that deflected off a Mount defender and into the net. Final- ly, in the 88th minute the Hawks closed their scoring for the day as junior Kate Sands and Tobi Hartwyk, and his header found the near post, for his first goal of the season.

The Monmouth Hawks women’s soccer team defeated Mount St. Mary’s on Sunday by an amazing 18-1 margin.

Coming off of a heartbreaking 1-0 loss on the road at St. Francis PA last week, the Hawks began a string of three straight impor- tant conference home matches, and they got started off in grand fashion. Five different Hawks scored the five goals, an overall team effort.
