

Halloween demonstration planned

On October 31, 1970, the United States of Amerika and Monmouth County will once again stop its apathetic ways and the people will tell the president, and all the "lawmakers" that they do not want any more war, repression, or any thing else that is destroying Amerika the Beautiful. There will be National and local demonstrations on the 31st to show what the youth really wants. These demonstrations will not be the same as they were last May, or November, they will honestly try and get something done and said.

Yes, even in Monmouth Count there will finally be an

"attack" on one of the biggest military installations in this state, yes Fort Monmouth will be the sight of a legal, nonviolent (?) demonstration on October 31.

Monmouth College will not be idle either. The SMC, not the Strike Committee will try to organize the students here for the 31st. If you are interested please come to the SMOKEHOUSE on Oct. 20 at 3:00 p.m. If you can't make it send a friend or a note with you name and phone number on it.

SMC STRIKES AGAIN.
