

Young Americans Announce Plans

C. William George, chairman of the Monmouth College Young Americans for Freedom (YAF), has announced plans by the group to send packages containing Kool-Aid and Life Savers to America's fighting men in South Vietnam.

Mr. George reported that several GI's have complained to him about the foul-tasting water in the tiny Southeast Asian Nation, sug-

gesting that Kool-Aid might solve this problem.

"Wide smiles and Life Savers have been the Americans' passport to friendship with the people of South Vietnam," Mr. George continued. "Friendship leads to co-operation. We can supply the Life Savers."

Donations of these items may be sent to the Monmouth College YAF at College Box 135, West Long Branch, New Jersey 07764.
